Total number registered (including stillbirths, etc.): 209,
against 197 for the year 1933.

DOGS

Whole number of licenses issued for the year 1934

Males 613; Females 77.

2 Breeder's Licenses at \$50.00.

Amount of money turned over to the Town Treasurer, \$1,572.60.

This report is made in accordance with Chapter 289, Acts
of 1932.

Respectfully submitted,

JAMES H. FLEMING,

Town Clerk.

I have examined the financial account of the Town Clerk
relating to Dog Licenses for the year 1934 and find the same
to be correct.

THOMAS J. SHEA,

Accountant.

January 9, 1935

REPORT OF BOARD OF SELECTMEN

The continued unemployment and the setting up of various Federal Agencies in the town have added considerably to the ordinary duties of the board.

For thirteen months ending December 31, \$276,407.00 has been received from the Federal Government through C. W. A. & E. R. A. agencies, in money, coal and commodities.

Previous to this year, government registration for the unemployed was handled at the Framingham Branch of the National Re-Employment Service. We have been able to have a branch set up in Natick through which many of our unemployed have secured work.

Early in the year monthly meetings of Department Heads were inaugurated in order that problems in general could be discussed. These have been well attended and have resulted in splendid co-operation among the departments and this should benefit the town materially.

Business men were organized in the formation of an Industrial Committee to bring new business to the town. Through their efforts the Griess Pfleger Factory, unoccupied for two years, has been leased and is now employing 150 people.

With the frequency of auto accidents in the town a Traffic Commission was appointed to investigate conditions and causes thereof and to make recommendations of remedial measures.

Arrangements were made with the Worcester Gas Light Company to station their emergency truck in Natick 24 hours a day that it might be better available in case of fire or accident.

As this board believes the town has a claim against the State for land taken at the Filter Beds, we have petitioned the General Court and have presented an Act to validate this taking, and give the Town of Natick the right to bring suit for damages caused by taking.

As it was felt that a private agency was lacking in the town to assist those not qualified under E. R. A. and not desirous of asking for assistance from the Welfare Department, a committee was appointed to investigate the desirability of a Golden Rule Fund. They reported this system has not been satisfactory in a town of our size. We still feel that this group should be taken care of and hope some of our public spirited and charitably inclined citizens will solve this problem.

With the cooperation of the School Committee, we were able to have the evening service of the Boston & Worcester Street Railway to East Natick restored.

A hearing was requested by the residents of the northern section of the town relative to alleged disturbances in the operation of the Airport. After many conferences with parties con-

cerned, rules and regulations were adopted which we hope will correct the situation.

A fine spirit of cooperation has been shown by all the officers and employees of the town and we thank them for the assistance they have given us throughout the year.

Respectfully submitted.

WILLIAM H. HEALEY,
JAMES C. POWERS,
WILLIAM F. BUFFINGTON,
Selectmen.

We hereby certify that the above is a correct list of Jurors for the Town of Natick, Mass., for the year 1934-1935, as prepared and completed by us in accordance with the law this 30th day of June, A. D. 1934.

WILLIAM H. HEALEY

JAMES C. POWERS

WILLIAM F. BUFFINGTON

Selectmen of Natick, Mass.

**WARRANT FOR ANNUAL TOWN MEETING,
MARCH 4, 1935**

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet:

The Voters of Precinct No. 1 in Court Room, Walcott's Block, Natick.

The Voters of Precinct No. 2 in School House Hall, South Natick.

The Voters of Precinct No. 3 in High School Gymnasium, Natick.

The Voters of Precinct No. 4 in Pythian Hall, Natick.

MONDAY, MARCH 4, A. D. 1935

at 5:45 o'clock a. m., at which time in all Precincts of said Town of Natick, the polls will be opened and will remain open continuously until 7:45 p. m. of said day, when they will be closed, during which time the aforesaid qualified inhabitants of said Town may bring in their votes to the Election Officers, duly appointed and sworn for said Precincts of said Town of Natick in said meeting so assembled for

One Moderator, one Town Clerk, one Town Treasurer, one Tax Collector, three Selectmen, one Tree Warden, and six Constables all for one year; also one Assessor of Taxes, one member of the Board of Public Welfare, one Sinking Fund Commissioner, one Park Commissioner, two members of the School Committee, two members of the Planning Board, one member of the Board of Health, and one Commissioner of Public Works, all for three years; also one Trustee of the Leonard Morse Hospital for seven years.

All ballots to be furnished by the Town and the election will be conducted according to the Australian system, as enacted in Massachusetts, and in conformity with the election laws of said Commonwealth.

You are further required to notify the aforesaid qualified voters of said town of Natick to meet in Concert Hall, Clark's Block, Natick.

TUESDAY, MARCH 12, 1935

at 7:30 o'clock p. m., then and there to act on the following articles:

Article 1. To see how much money the Town will raise and appropriate for the following purposes:—Salaries of Town Officers, Necessary Town Uses, Assessors, Rent of Town Hall, Military, Lighting Streets, Board of Health, State Aid and Burial of Soldiers, Soldiers' Relief, Employees' Pension, Decorating Soldiers' Graves, Care of Town Clocks, School Department, Highway, Water, Sewer, Police, Fire, Park, Tree Warden, Moth Department, Morse Institute, Public Welfare, Mothers' Aid, Old Age Assistance.

Article 2. To act on reports of the various Town Officers and Committees as printed in the Town Report for 1934.

Article 3. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money for general municipal purposes under authority of and in accordance with the provisions of Chapter 49 of the Acts of 1933, as amended by Chapter 313 of the Acts of 1934, or take any action relativ thereto.

Article 4. To see if the town will vote to authorize the town treasurer, with the approval of the selectmen, to borrow money from time to time in anticipation of the revenue of the financial year beginning January 1, 1933, and to issue a note or notes therefor, payable within one year, and to renew any note or notes as may be given for a period of less than one year in accordance with Section 17, Chapter 44, General Laws.

Article 5. To see what sum of money, if any, the Town will appropriate to pay unpaid bills of the various departments, or otherwise act thereon.

Article 6. To see if the Town will vote to appropriate a sum of money for a Reserve Fund in accordance with Chapter 40, Section 6, General Laws, or otherwise act thereon.

Article 7. To see if the Town will instruct the Selectmen to install lights wherever they think necessary, and appropriate money for same or otherwise act thereon.

Article 8. To see what sum of money the Town will appropriate for the emergency overdrafts of the year 1934, of the various departments, under the provisions of Section 31, Chapter 44, General Laws, as amended.

Article 9. To see what sum of money, if any, the Town will appropriate for the maintenance of streets constructed under Chapter 90. Such sum or part thereof to be used in conjunction with equal money contributed by the State and County.

Article 10. To see if the Town will vote to authorize the Board of Public Works to purchase for the Highway Division such equipment as, in their judgment, may be necessary to properly conduct the work of that Division in their Department; raise and appropriate money to pay for the same or otherwise act thereon.

Article 11. To see if the Town will vote to authorize the

Board of Public Works to rebuild or resurface existing tar walks; and to rebuild or extend gravel sidewalks in certain cases, where, in their judgment, it is for the interest of the Town so to do; appropriate money to pay for the same or otherwise act thereon.

Article 12. To see if the Town will vote to authorize the Board of Public Works to build, rebuild, extend or replace sidewalks in certain cases where, in their judgment it is for the interest of the Town so to do, the expense of all granolithic walks to be borne one half by the Town and one half by the abutters; appropriate or borrow money to pay for the same or otherwise act thereon.

Article 13. To see if the Town will vote to authorize the Board of Public Works to build or repair such fence guard rails and retaining walls as, in their judgment, would best serve the interest of the Town by the prevention of accidents to the traveling public; appropriate money to pay for the same or otherwise act thereon.

Article 14. To see if the Town will vote to authorize the Board of Public Works to resurface certain Bridges crossing the Boston and Albany R. R.; appropriate or borrow money to pay for the same or otherwise act thereon.

Article 15. To see what sum of money, if any, the Town will appropriate by borrowing or otherwise, to resurface, reconstruct, or rebuild all or any portion of West Central Street, Oak Street, Bacon Street, North Main Street; such sum or part thereof to be used in conjunction with money contributed by the State and County.

Article 16. To see if the Town will vote to authorize the Board of Public Works to resurface, reconstruct, rebuild or drain any portion of Union Street, Pond Street, Pleasant Street, Pegan Brook. Appropriate or borrow money to pay for same or otherwise act thereon.

Article 17. To see if the Town will vote to authorize the Board of Public Works to improve the Water System in School Street Extension, West Central Street, Union Street. Appropriate or borrow money to pay for the same or otherwise act thereon.

Article 18. To see what sum of money, if any, the Town will borrow to purchase materials to improve the Water System, by replacing the old cement lined pipe with cast iron. The labor to be furnished by the Federal Emergency Relief Administration, or otherwise act thereon.

Article 19. To see if the Town will vote to authorize the Commissioners of Public Works to restore the old system of Water rates, namely, 1000 gallons for twenty-five cents, in substitution for the present plan, 100 cubic feet (750 gallons) for twenty-five cents, also to restore the 20% silcock reduction as formerly applied by the Sewer Department, or otherwise act thereon.

Article 20. To see if the Town will vote to construct an asphalt sidewalk on the East side of Pleasant Street, South Natick,

from the southerly side of the stone bridge to Dover Street; appropriate money to pay for the same or otherwise act thereon.

Article 21. To see if the Town will vote to construct an asphalt sidewalk on both sides of Lincoln Street, South Natick; appropriate money to pay for the same, or otherwise act thereon.

Article 22. To see if the Town will vote to construct a retaining wall on both sides of the Canal Bridge, on Pleasant Street, South Natick; appropriate money to pay for the same, or otherwise act thereon.

Article 23. To see if the Town will vote to construct an asphalt sidewalk on the easterly side of Leach Lane, from Eliot Street to Matthew Court, so called; appropriate money to pay for the same, or otherwise act thereon.

Article 24. To see if the Town will vote to construct an asphalt sidewalk on the easterly side of Eliot Street, from Mill Street to the property of E. A. Hubbard, appropriate money to pay for the same, or otherwise act thereon.

Article 25. To see if the Town will vote to construct an asphalt sidewalk on the north side of Union Street, beginning at Broads Avenue, South Natick, and ending at the property of the Boston & Middlesex Street Ry., Natick; appropriate money to pay for the same or otherwise act thereon.

Article 26. To see if the Town will vote to reconstruct the sidewalk on the westerly side of North Main Street, from Evergreen Road to the Wayland town line; appropriate money to pay for same or otherwise act thereon.

Article 27. To see if the Town will vote to widen School Street, at ledge, south of Garfield Street, appropriate money to pay for the same, or otherwise act thereon.

Article 28. To see if the Town will vote to cover Pegan Brook from Morse Street to Sherman Street; appropriate money to pay for the same, or otherwise act thereon.

Article 29. To see if the Town will vote to appropriate the sum of Five Hundred Dollars to drain the premises of real estate owners, between Elmwood Avenue and Circular Avenue on South Main Street and caused by the closing of the south arm of Pegan Brook in that section; or otherwise act thereon.

Article 30. To see if the Town will accept West Street under the Betterment Act as laid out by the Selectmen; appropriate money for the construction thereof or otherwise act thereon.

Article 31. To hear and act on the report of the Committee appointed under Article 30 of the Warrant for the Annual Town Meeting for the year 1933, relative to the taking by right of Eminent Domain, a parcel of land situated on the southwesterly side of West Street Extension, so called, or otherwise act thereon.

Article 32 To see if the Town will accept Middle Street, under the Betterment Act, from Highland Street to Bacon Street, as laid out by the Selectmen; appropriate money for the construction thereof or otherwise act thereon.

Article 33. To see if the Town will vote to widen and grade Winter Street, from the Weston line to Oak Street, to a proper width as a public highway.

Article 34. To hear and act on the report of the Committee appointed under Article 61 of the Warrant for the Annual Town Meeting for the year 1929, relative to the housing facilities of the public schools or otherwise act thereon.

Article 35. To hear and act on the report of the Committee appointed under Article 23 of the Warrant for the Annual Town Meeting for the year 1934, relative to the petitioning the Federal Government for aid in building an addition to the High School, or otherwise act thereon.

Article 36. To see if the Town will vote to erect and equip an addition to the present senior high school building and appoint a committee to have sole charge of the erection and equipment of the same with full authority to make all contracts necessary to further and carry out the purpose of this article, or otherwise act thereon.

Article 37. To see if the Town will vote to purchase or take by right of eminent domain or otherwise acquire the land bounded on the north by the present senior high school lot, on the east by Morse Street, on the South by Common Street, and on the west by Church Street, for the senior high school site, or otherwise act thereon.

Article 38. To see if the Town will vote to purchase or take by right of eminent domain land for an addition to the present senior high school building, appropriate or borrow money to pay for same, or otherwise act thereon.

Article 39. To see if the Town will vote to raise or appropriate by borrowing or otherwise a sum of money for the purchase of land and the erection and equipment of a new addition to the Senior High School, or otherwise act thereon.

Article 40. To see if Town will authorize the Selectmen to petition the legislature for authority to borrow outside the debt limit a sum not exceeding \$250,000 for the purpose of erecting an addition to the senior high school, or otherwise act thereon.

Article 41. To see if the Town will accept the act or acts of the legislature authorizing the Town to incur an indebtedness of \$250,000 outside the debt limit for the erection of an addition to the senior high school, or otherwise act thereon.

Article 42. To see what action the Town will take relative to petitioning the Federal Government for funds to cover the construction of an addition to the present senior high school or otherwise act thereon.

Article 43. To see if the Town will vote to build an addition to the Senior High School and to authorize and instruct the Selectmen to petition the General Court for an Act to authorize the Town to borrow not exceeding \$250,000 outside its statutory debt limit to pay for land to be acquired for the purpose by purchase, right of eminent domain or otherwise, and for the cost

of erecting, furnishing and equipping said addition, or otherwise act thereon.

Article 44. To see if the Town will vote to appropriate a sum of money for the erection and equipment of a new four (4) room North Natick School, or otherwise act thereon.

Article 45. To see what sum of money the Town will vote to appropriate to erect a fence around the Coolidge Playgrounds, or otherwise act thereon.

Article 46. To see if the Town will vote to convey a portion of that land known as the Coolidge Junior High School plot to provide for the Old Coolidge Homestead and to give the Selectmen authority to sign such conveyance, or otherwise act thereon.

Article 47. To see if the Town will vote to purchase seats for the Eliot School Hall, South Natick, appropriate money to pay for the same, or otherwise act thereon.

Article 48. To see if the Town will vote to turn over to the School Department the insurance moneys received by the Town as a result of coal combustion in the Junior High School building, or otherwise act thereon.

Article 49. To see what sum the Town will vote to appropriate to cover damage to the Coolidge Junior High School building caused by the recent coal combustion, or otherwise act thereon.

Article 50. To see what sum of money the Town will vote to appropriate for material, equipment and supplies, for Civil Works Administration, or any other Federal or State Relief projects, under the supervision of the Board of Selectmen, or otherwise act thereon.

Article 51. To see if the Town will vote to make the fines of the Natick District Court available for traffic safety measures, or otherwise act thereon.

Article 52. To see if the Town will vote to purchase and erect traffic signs and other safety devices; appropriate money to pay for the same or otherwise act thereon.

Article 53. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Acts of 1932 bonds maturing in 1935, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1935, also for the care, maintenance, and repair of said hospital for 1934, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how money shall be raised, or in any way act thereon.

Article 54. To see if the Town will reimburse the Collector of Taxes for legal expenditures in connection with tax titles acquired and releases effected in accordance with Chapter 60, Sec-

tion 15, General Laws relating to taxation.

Article 55. To see if the Town will vote to appropriate the sum of \$200.00 for the planting of trees and maintenance of Town Forest, or otherwise act thereon.

Article 56. To see if the Town will vote to appropriate a sum for the pruning of dead wood from the elms and for the removal of any dead or dying elms on the public streets.

Article 57. To see if the Town will vote to appropriate money for the Surplus War Bonus Fund, so called, or for the purposes thereof, provide for additions to said fund and or accruals or accumulations or interest thereon, or otherwise act thereon.

Article 58. To see if the Town will vote to erect a Memorial Building, or establish a Memorial in honor of the soldiers, sailors, marines and aviators who served their country in war, or make plans or provisions therefor, and set aside, designate, or acquire, by eminent domain or otherwise, land for said purpose, and appropriate or borrow money to pay for any or all of said purposes, or otherwise act thereon.

Article 59. To see if the Town will vote to instruct the Board of Selectmen to divide Precinct 4 into two or more precincts, for the purpose of allowing voters in outlying sections to vote in their own locality, or otherwise act thereon.

Article 60. To see if the Town will vote to accept the bequest of \$184.08, under the will of John W. Walcott, for the perpetual care Tomb of Captain William Stone in Boden Lane Cemetery, or otherwise act thereon.

Article 61. To see if the Town will vote to install a Fire Alarm Box at the junction of Jameson and Farwell Streets; appropriate money to pay for the same or otherwise act thereon.

Article 62. To hear and act on the report of the Committee appointed under Article 34 of the Warrant for the Annual Town Meeting for the year 1933, relative to new rates with the Edison Illuminating Company, or otherwise act thereon.

Article 63. To hear and act on the report of the Committee appointed under Article 13 of the Warrant for the Special Town Meeting held June 27, 1933, relative to reduction in the rates for gas, electric and telephone service in Natick, or otherwise act thereon.

Article 64. To see if the Town will vote to change Article 6, Sections 1 and 2, of the Town By-Laws, or otherwise act thereon:

To change that part of Section 1 which reads: "Annually thereafter the Moderator of the Annual Town Meeting shall on or before the first day of May appoint five members of said committee to serve for the term of three years from said first day of May," to read as follows:

Annually the Town shall elect five citizens to serve for the term of three years from the date of their election to said office:

To change Section 2 to read as follows:

In the event of any vacancy in its membership the Secretary of the Committee shall notify the Board of Selectmen in writing, who shall thereupon fill such vacancy.

Article 65. To see if the Town will vote to amend the Building Code by striking out of Chapter 17, Section 3, 4 the paragraph which reads as follows:

"B10, West Natick, comprises a tract bounded on the west by the Natick-Framingham boundary line, on the north by the Boston and Albany Railroad and on the east and south by Beaver Dam Brook."

and by inserting in Chapter 17, Section 3, 3 after paragraph M9 the following new paragraph;

"M10, Manufacturing District No. 10, West Natick, comprises a tract bounded on the west by the Natick-Framingham boundary line, on the north by the Boston and Albany Railroad, on the east and south by Beaver Dam Brook and on the south by West Central Street."
or otherwise act thereon.

Article 66. To see what sum of money, if any, the Town will appropriate to settle claim for damages pending against the Town in which claimants are willing to accept the sums recommended by the Selectmen, or otherwise act thereon.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices in said Natick and at the following public places in said Town, to wit: Entrance to Selectmen's room and Street Entrance to Concert Hall in Natick; Engine House, South Natick; Hose 4 House, Felchville; Standard Oil Station, Sunnyside; Harney's store, North Natick; Hose House, Everett Street; James Moran's store, East Natick; Hanna's store, West Natick; Ulrich's store, South Natick; and Central Fire Station, Natick; seven days at least, before said March 4, 1935; also by causing an attested copy of said Warrant to be published once in the newspaper called "The Natick Bulletin," said publication to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this sixth day of February A. D. 1935.

WILLIAM H. HEALEY

IN MEMORIAM

Charles H. Brady, Patrolman

Appointed Sunday Officer March 5, 1913

Appointed Regular Patrolman March 29, 1915

Died November 25, 1934

Age 55 years

While submissively bowing to the will of our ever kind and gracious Heavenly Father, who in His inscrutable providence has removed from our midst, our friend and comrade CHARLES H. BRADY. We desire to record our sorrow and irreparable loss in the demise of our fellow member on November 25, 1934.

Charley was one hundred per cent Christian, Husband, Father, American, and the host of friends that he has made in his energetic practice of the Golden Rule are a glowing tribute to his twenty years of faithful service as a police officer in the Town of Natick.

He will live in our memories forever as a comrade that knew no fear in the presence of danger and death. He had a fine sense of humor and his integrity has never been questioned. He performed his duties conscientiously, with painstaking thoroughness and marked ability. He displayed rare judgment in dealing with criminals and was noted for his fairness in presenting his cases at the bar of justice.

Be it Therefore Resolved: That the Regular Members of the Police Force of Natick, extend to the bereaved family of our deceased comrade our heartfelt sympathy: That this minute of appreciation be spread upon our records and a copy of the same be suitably engrossed and presented to the family.

The entire number of arrests for offences committed in Natick for the year ending December 31, 1934, was 459. Of this number 446 were males, 13 were females; 275 were residents, and 184 were non-residents; 440 were adults and 19 were minors. There were 19 juveniles in court during the year. In addition to these there were 85 arrests or summonses served for out-of-town police departments.

Violation of the 2 hour parking law—	
Number of tags issued as warnings	60
Value of property reported lost or stolen	\$2,312.54
Value of property recovered by the police	\$2,749.80

Remarks

There were 338 automobile accidents investigated during the year which was 84 more than in the previous year, of these 131 resulted in personal injuries.

During the past year we have had three fatal automobile accidents. This is four less than in the year 1933. They are enumerated as follows:

On the night of January 17, 1934, a man aged 40 years and a resident of Natick, while walking in the road west of Brown's Corner on West Central Street, (There being no sidewalk on this State road) was struck and killed by an automobile going in the same direction. The operator of the car was found guilty of operating negligently and paid a fine of \$100.

About 12:45 A. M. on the night of November 26, 1934, a man twenty years of age and a resident of Boston, was instantly killed when the car he was operating struck a pole situated west of Willow Bridge on Worcester Street.

On December 29, 1934, at about 12:30 A. M., a Wellesley man aged 33 years was fatally injured when the car in which he was a passenger collided with another car on East Central Street, at Grant Street. The operator of the automobile in which the dead man was riding was arrested for drunkenness and also charged with the offenses of operating a motor vehicle while under the influence of intoxicating liquor, operating a motor vehicle negligently and manslaughter. These cases are now pending at the District Court of Natick.

I feel it necessary at this time to recommend the purchase of an additional cruising car. At present our motor vehicle equipment consists of one 1934 Ford Sedan and one 1934 Indian Motorcycle, both of which are in fairly good condition, considering the rough usage required of them in the apprehension of law violators. In addition to routine police work, we have used our vehicles in delivering 2889 work slips for the C. W. A. and the F. E. R. A. However, due to the increased demand for motor vehicles in the pursuit of criminals, the officers are at present frequently obliged to use their own personal cars for police duty. Moreover, an additional cruising car would soon pay for itself in fines received from motor vehicle violations which under the law in effect since December 1, 1934, are turned over to the Town treasury instead of the Commonwealth.

During the past year the F. E. R. A. has greatly assisted our small department by painting cross walks and warning signs and the installing and repairing of street signs, thus allowing the officers who would otherwise have been assigned to this work to devote more time to the safeguarding of school children and the curbing of the ever increasing automobile accidents.

I believe that the taking of the poll list by the officers of this department for the assessors is false economy, inasmuch as the routine police duties are thus being neglected. May I suggest that this work be given to the unemployed?

The past year has shown an increase of 80 per cent in the number of arrests for drunkenness and 200.1 per cent in the number of complaints issued for operating motor vehicles while under the influence of intoxicating liquor.

It would be helpful to our department if the alcoholic beverage establishments were required by the Licensing Board to have all alcoholic beverages off of the tables and counters one half hour after the specified time allowed for the sale of same.

Patrolman Ray C. Tannar deserves high praise and commendation for the meritorious performance of his duty on the night of October 14, 1934, when he apprehended, single-handed, two armed bandits who were robbing and kidnapping the manager of the Colonial Theatre and her companion.

In conclusion I wish to thank those who have assisted me and co-operated in the work of the department.

Respectfully submitted,

THOMAS P. EVANS,
Chief of Police.

REPORT OF CHIEF OF FIRE DEPARTMENT

Honorable Board of Selectmen,
Town of Natick, Mass.

Gentlemen:

I respectfully submit the following report for your consideration.

Total number of calls	273
Bell alarms	63
Telephone and Still	210
Partial loss buildings	93
Total loss buildings	3
No claim	2
Building fires	98
Others	175
Value of buildings	\$214,780.00
Value of contents	59,195.00
Damage to buildings	31,434.65
Damage to contents	8,381.65
Calls for inhalator	1
Ambulance calls	147
Number feet hose laid	22,400
Number feet hose laid F. F.	13,200
Ladders raised	1,154
Total miles traveled	1,033
Assistance rendered, Wellesley	2
False alarms	11
Total hours rendered fighting fires	190

REMARKS

All the apparatus is in fair condition with the exception of the piece in the Felchville Station which has passed beyond all repair. I desire to state that if this station is to be continued in use, a suitable piece should be installed there this coming year. I recommend an appropriation of \$2,500.00 for this purpose.

The White, triple combination in the Central Station after sixteen and one half years of service should have the pump removed, repacked and new rotary plates installed at once.

The outside stations are in good shape but considerable repairs are needed at the Central Station.

The batteries of the fire alarm system after being in use for the past six years will have to be replaced this year at an approximate cost of \$300.00.

These items I have mentioned will increase the entire budget a small amount over last year but are absolutely essential to keep the department in proper working order.

Respectfully submitted,

JOHN H. NEARY,
Chief, Natick Fire Department.

REPORT OF THE SUPERINTENDENT OF FIRE ALARMS

To the Honorable Board of Selectmen,
Town of Natick, Mass.

Gentlemen:

I hereby submit my annual report as Superintendent of Fire Alarms for the year 1934.

The line on North Main Street has been rebuilt from Pine Street to the corner of Washington Avenue and Cochituate Street requiring 11,510 feet of number 10 copper rubber and loomed tree wire.

Two and two tenths miles wire was strung from Pine Street to Alden Street in the Nonsuch Pond district and box number forty one installed in that locality.

Owing to the new dam at South Natick it was necessary to run 807 feet of lead cable over the Pleasant Street bridge at South Natick.

During the coming year I would recommend the following. That the batteries at the Central Station should be replaced with new ones as the ones now in commission have exceeded their usefulness, and today are in very poor condition.

The line on Walnut, Shattuck, Washington, Harvard and Tibberts Streets should be rebuilt at once.

In conclusion I wish to thank all those who in any way assisted me during the past year.

Respectfully submitted,

EDWARD A. HOGAN,
Superintendent of Fire Alarms.

REPORT OF DEPARTMENT OF PUBLIC HEALTH

January 8, 1935

To the Honorable Board of Selectmen:

Natick, Mass.

Gentlemen:

The Department of Public Health herewith presents its annual report with the report of its appointees for the year ending December 31, 1934.

The Board organized as follows:

Dr. James E. Vance, M.D., Chairman
Dr. Charles D. Colford, D.M.D., Agent
Dr. Leonard B. Rowe, M.D., Clerk

Appointments by the Board:

Dr. Thomas A. Doyle, V.M.D., was appointed Milk and Dairy Inspector, also Meat, Provisions and Slaughtering Inspector.

Mary H. Hunter, R.N., Public Health Nurse.

Mary J. Monteith, Secretary.

Edna M. Follensby, Chemist and Bacteriologist.

William H. Kane was appointed Burial Officer for Animals.

Thomas J. Lydon was given the contract to collect the garbage for the year.

Contagious Diseases reported during the year:

Measles,	392
Whooping Cough,	155
Chicken Pox,	68
Scarlet Fever,	38
Tuberculosis, (all forms)	31
Lobar Pneumonia	8
Mumps,	4
Diphtheria,	1
Influenza,	1
Septic Sore Throat,	1
Dog-bite,	65
Rabies in Animals,	1
Venereal,	33

During the year the following Biological Products were dispensed to the physicians of this town:

Diphtheria Toxin-Antitoxin

Diphtheria Antitoxin
 Diphtheria Toxoid
 Scarlet Fever Convalescent Serum
 Scarlet Fever Antitoxin
 Smallpox Vaccine
 Typhoid Vaccine
 Schick Test Toxin
 Antimeningococci Serum
 Citrate Solution for Measles
 Silver Nitrate Solution

Licenses Issued during the year:

Undertakers,	7
Alcohol,	29
Barber Shops,	17
Beauty Parlors,	12
Bake-shops,	3
Masseur,	2
Beverages,	2
Mfg. of Confectionery,	1
Mfg. of Ice-cream,	3
Transportation,	4
Oleomargarine,	8
Milk License, (Dealers)	39
Milk License, (Store)	74
Pasteurization,	4

Nuisances:

Number of complaints received and investigated,	245
Garbage,	180
Cesspools,	8
Dead Animals,	24
Dumps,	12
Quarantine,	2
Unsanitary Premises,	13
Misc.	6

Burial Permits:

Number issued,	177
Removals,	2

Approvals:

Boarding House for Infants,	6
Home for Chronic Invalids,	3

License Returns:

Alcohol,	\$ 29.00
Beverages,	20.00
Pasteurization,	40.00
Milk, Dealers,	19.50
Milk, Stores,	37.00
Oleomargarine,	4.00
Mfg. of Ice Cream,	3.00
Confectionery,	1.00
Transportation,	4.00

Total	<hr/> \$157.50
-------	----------------

Reimbursements:

Middlesex County San. Subsidy,	\$1,147.85
Tuberculosis, State Case,	421.81
Scarlet Fever,	88.00

Total	\$1,657.66
-------	------------

,During the month of May this Department conducted free clinics for the inoculation of dogs against rabies. The total number treated was 568. We had one case of rabies this year in a dog that had not been inoculated.

We also conducted Diphtheria Prevention Clinics at the High School as in previous years during November, immunizing 294 Public, Parochial and Pre-School children. One case of Diphtheria was reported during the year 1934.

We made two inspections during the year of all places holding Common Victuallers Licenses in this town, sending a report of our findings and recommendations to the Selectmen of Natick.

Reports of our appointees follow.

Respectfully submitted,

JAMES E. VANCE, M.D.,
LEONARD B. ROWE, M.D.,
CHARLES D. COLFORD, D.M.D.
Board of Health.

REPORT OF PUBLIC HEALTH NURSE

January 12, 1935

Department of Public Health,
Natick, Mass.,
Gentlemen:

The following report is summary of my work during the year 1934.

Contagious Disease:

Generally speaking 1934 was a good health year. We had however several sharp rises in the milder communicable diseases, measles reaching 392 reported cases and whooping cough 155 reported cases.

Next in number was chicken pox with 68 cases, and mumps with 4 reported cases. We did not placard for measles this year, and have used armlets for all cases of whooping cough. I have found no greater difficulty in isolating the cases by these methods.

Scarlet fever did not reach epidemic numbers at any time

during the year. The 38 reported cases were mostly mild in form and occurred moderately over the entire year. During the late fall the disease was characterized by multiple cases in several families. In one family special cultures were taken of all members of the family to rule out suspicion of a carrier. Most of our cases were hospitalized, but on the home cases strict quarantine regulations were enforced.

One case of diphtheria was reported this year, and was quarantined at home. The family and nurses were given protective treatment by the attending physician, and at the end of three weeks all contacts were cultured and released by this department.

A food poisoning epidemic occurred June 5th. Visits were made and cultures taken of these cases for examination by the State Department of Health.

During the past year, 970 home visits were made by me to the above mentioned cases, on quarantine, release, complaint and general follow-up of cases.

Diphtheria Immunization:

In October of this year five Diphtheria Immunizing clinics were held and a total of 294 children received the protective treatment.

Special notices and literature was sent out through our department this year to mothers of all unimmunized children over six months of age. This stimulated interest in our clinics for the pre-school group and 114 small children and infants completed the treatment this year.

Tuberculosis:

Five new cases of Pulmonary Tuberculosis were reported during the year 1934. This figure is lower than the previous year when 13 cases of this type were reported.

Twenty-six cases of hilum or childhood tuberculosis were reported from the Chadwick Clinic, held in the community for the detection of early tuberculosis in children. These children will be given special supervision and follow-up each year until discharged by the Clinic.

Three children recommended by this clinic were sent to Camp Virginia, Health Camp of the Southwestern Middlesex County Association at Bolton this summer. The expense of two of these children at camp was paid from the proceeds of the Christmas Seal sale, and the other child was sent by donation from the Natick Woman's Club.

Follow-up and examination of contact and suspicious cases has continued this year. Thirty-six new cases were examined at Middlesex County Sanatorium.

Sixteen adult pulmonary cases received treatment at Rutland and Middlesex County Sanatoriums, and eleven children with hilum form, bone and gland cases, received treatment at Westfield, Lakeville and North Reading State Sanatoriums.

Fuel, additional nutritional diet and medical supplies have

been furnished by this Department to many of these families. Medical and dental treatment was also provided for many of the patients.

Infant and Child Welfare:

Weekly attendance at our Clinics has been very high during the year, 2740 visits being the total for 1934. New babies registered were 204.

Two physicians served on the clinic during the year, and nurses from the local hospital served part of the days during the clinic hours.

Cod liver oil was donated by the Unemployment Relief Committee and distributed through the clinic. Layettes were made this year by the ERA women workers and are being given to many pre-natal cases.

Respectfully submitted,

MARY H. HUNTER, R.N.,
Public Health Nurse.

Report of Meat, Provision and Slaughtering Inspector

Department of Public Health,
Natick, Mass.

Gentlemen:

I herewith submit my report as Meat, Provision and Slaughtering Inspector for the year 1934.

Inspections were made by me at various times during the year of stores and places where food products were sold. When complaints were received in regard to food stuffs, cleanliness or refrigeration, investigations were made and reports given to the Department of Health. When articles were found that were unfit for food, consisting of meat, fish, fruit and vegetables, they were destroyed.

Slaughtering reports were made monthly to the State Department of Health.

Respectfully submitted,

THOMAS A. DOYLE, V.M.D.,
Meat, Provision and Slaughtering Inspector.

REPORT OF MILK AND DAIRY INSPECTOR

January 14, 1935

Department of Public Health,
Natick, Mass.

Gentlemen:

I herewith submit my report as Milk and Dairy Inspector for the year 1934.

Number of Licenses issued to Pasteurization Plants,	4
Number of Milk Licenses issued,	113
Number of Licenses issued to Non-Producers,	74
Number of Licenses issued to Producers,	39
Quarts of Milk Sold Daily, (Approximately)	5100
Quarts of Raw Milk from Tuberculin Tested Cows,	1663
Quarts of Pasteurized Milk,	3225
Quarts of Vitamin D Milk,	94
Quarts of Certified Milk,	20
Quarts of Grade "A" Milk,	154
Quarts of Pasteurized Skim Milk,	26
Quarts of Butter Milk,	18
Quarts of Cream sold daily, approximately,	213
Quarts of Pasteurized Cream,	209
Quarts of Raw Cream,	4
Number of Oleomargarine Licenses issued,	8

Location of dairies supplying milk and cream to Natick: Dover, Framingham, Marlboro, Fayville, Westboro, Hopkinton, Holliston, Bragville, Sherborn, Northboro, Natick, Upton, South Sudbury, Hudson, Charles River, Millis, Metcalf and Medway. Market milk is received from Maine, New Hampshire, Vermont and Western Massachusetts.

Local dairies supplying milk and cream to Natick were inspected and scored as required by the State Milk Control Board. Outside dairies supplying milk and cream to Natick were inspected by their local Inspector or one from the State Milk Control Board.

Milk samples were taken every month from the dealers and tested in the Laboratory. In cases where the Laboratory test was unsatisfactory, investigations were made and suggestions given to overcome the condition to bring the milk up to standard.

The following regulation was adopted by the Board of Health at their regular meeting, December 18, 1934.

(No Person, Partnership or Corporation shall in the Town of Natick, sell, exchange, deliver, offer for sale or have in possession

with intent to sell, exchange, deliver, offer for sale, any milk or cream unless the same has been pasteurized in the manner prescribed by Statute, or conforms to the Standards of purity and quality for certified milk as fixed by the American Association of Medical Milk Commissions.)

This Regulation to become effective August 1, 1935.

Respectfully submitted,

THOMAS A. DOYLE, V.M.D.,
Milk and Dairy Inspector.

REPORT OF CHEMIST AND BACTERIOLOGIST

Department of Public Health,
Natick, Mass.

Gentlemen:

Three hundred and forty-six samples of milk and three samples of ice cream were examined in the laboratory during nineteen hundred and thirty-four.

The examination of the samples of milk included the determination of fat and total solids, the Reductase test for keeping quality, the sediment test to determine the presence of dirt, and microscopic examination of the centrifuged sediments by the Stewart-Slack method. Of the 346 samples of milk, 5 were below the legal standard for fat, and 58 below the standard for total solids. Seventeen samples were unsatisfactory in the Reductase test and 31 in the sediment test.

Direct microscopic counts of bacteria were made on 98 samples of raw milk. Counts were too high in 25 of the 98 samples. It was interesting to observe the number of dairies that had consistently low counts.

Respectfully submitted,

EDNA M. FOLLENSBY,
Chemist and Bacteriologist.

REPORT OF BURIAL OFFICER

January 1, 1935

Board of Health,
Natick, Mass.

Gentlemen:

I wish to submit my report as Burial Officer for Animals for the year 1934.

I took care of an exceptionally large number of animals killed on the highway by automobiles during the year. Also many that died of disease and exposure.

Respectfully submitted,

WILLIAM H. KANE,
Burial Officer.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen,
Natick, Mass.

Gentlemen:

I herewith submit my report as Inspector of Animals for the year 1934.

The inspection of all neat cattle, sheep, swine and goats, as ordered by the Department of Agriculture, Division of Livestock Disease Control, was made during the month of December. A certificate of health was given to the owner or persons in charge, when animals were found healthy. Animals showing symptoms of a contagious disease were quarantined and reported to the Division of Livestock Disease Control.

Seventy premises were visited. 1701 animals were examined, 445 cows, 25 heifers, 13 bulls and 1218 swine. With few exceptions the animals were in good condition and stables were clean. During the year a number of cows were shipped in from out of State, which were examined and released from quarantine. Additional inspections were made on stables where cattle are under State and Federal Supervision for the eradication of Tuberculosis on order of the Division of Livestock Disease Control.

During the year a number of dogs were examined on complaint, sixty-five having bitten one or more persons, were placed under quarantine for the regulation period, after which they were re-examined and released from quarantine on order of the Division of Livestock Disease Control. Two heads were sent to the State Laboratory for diagnosis, one head was positive, this dog was from Sherborn and had bitten two persons in Sherborn and two in Natick, who at the present time are taking the Pasteur Treatment. This dog had not been inoculated against Rabies. There were 565 dogs inoculated at the free clinics against Rabies, conducted by the Department of Health last year. These clinics have been a factor in reducing the number of Rabie cases in the Town of Natick.

Respectfully submitted,

THOMAS A. DOYLE, V.M.D.,
Inspector of Animals.

REPORT OF TREE WARDEN

To the Honorable Board of Selectmen,
Town of Natick, Mass.

Gentlemen:

The past winter was a severe one and hampered our work very much as also it was not very beneficial to our trees. We also had to put in much time in supervision of C. W. A. and E. R. A. Projects and having to pay over \$500.00 a year for an injured man puts us back considerable in our work. We lost but few trees from gas leaks the past year but many trees died from the extreme cold and natural causes. The Davy Tree Expert Co. through the Edison Co. did extensive trimming around the wires and also gave us exceptional good service in removing all dead wood from all trees they went into besides taking the tops off several large trees that had to come down and they completely removed several others for us. They took over my men on their pay roll so it insured their employment throughout the year and also one extra man during this work. We have had a bad increase in the Elm Tree Beetle and many trees had to be sprayed a second time which were in a worse condition than for many years. It is hoped that we will not be invaded by the Dutch Elm disease. If any citizen notes anything they are suspicious of notify the department at once. Much favorable comment was accorded us over station W B Z and by letter by Mr. Thornton W. Burgess in keeping our roadsides clean of the unsightly Tent Catipilar Webs.

Respectfully submitted,

JESSE E. WIGHT,
Tree Warden.

REPORT OF SUPERINTENDENT OF MOTH DEPARTMENT

To the Honorable Board of Selectmen,
Town of Natick, Mass.

Gentlemen:

The Gypsy Moth conditions are gradually getting somewhat worse. We only have one section where I could say they are dangerously numerous, namely Hartford Street, a section not far from the Framingham Line. The balance of the town they are generally scattered except the centre and the centre of South Natick which we are still able to keep exceptionally clean. For the first time in the existence of the department we were unable to complete the scouting of the residential sections of the town owing to the adverse weather conditions of the winter and spring of 1934 and lack of funds to put on a larger crew when conditions were favorable. Through an E. A. R. Project we are able to have some creosoting done in our wood lots which is very much needed as we cannot do this kind of work with the funds we have available. The men have found considerable numbers in some sections and these will be breeding places eliminated. It surely is a worthwhile Project.

Respectfully submitted,

JESSE E. WIGHT,
Local Moth Superintendent.

REPORT OF TOWN FOREST COMMITTEE

To the Honorable Board of Selectmen,
Natick, Mass.

Gentlemen:

The principal activity in the Henry S. Hunnewell Memorial Town Forest, since our last report, has been the grading of the new Playground and in planting 3,000 Red Pine Seedlings which were furnished free by the State. Many of these young trees were planted along the barren tract of land bordering the Worcester Turnpike and should, in a few years, add much beauty to the landscape. In the early part of the year, F. E. R. A. labor was utilized in clearing brush and in tree thinning.

A F. E. R. A. project submitted by the Committee has been approved for 1935 and this will give employment to 20 men three days a week for a period of 12 weeks. With this labor it is proposed to conduct further tree thinning operations and to remove for fire wood such trees that have passed their prime. This wood, as in the past, will be placed at the disposal of the Welfare Committee. It is hoped also that it will be possible to plant some of the vacant areas, using material which is now available.

The ten acre tract adjoining the Town Farm is making satisfactory growth, though there are many vacancies that should be filled in, which we will do this year if we can get the trees.

Respectfully submitted,

JESSE E. WIGHT,
DANIEL SARGENT,
WALTON W. WILSON,
Town Forest Committee.

REPORT OF THE PARK DEPARTMENT

The Honorable Board of Selectmen, Natick, Massachusetts.

We herewith submit our report for the year ending December 31, 1934:

Under the C. W. A. and E. R. A., the Park Department have furnished work on eleven projects, of which ten have been completed. These projects have given employment to about sixty men a week for 1934. The cost of completing these ten projects was \$44,995.15, total cost. Over 90% of this money used for the completed projects was for labor.

Labor Cost	\$41,129.64
Material and Equipment	3,865.51

Total cost	\$44,995.15
------------------	-------------

Total hours of work: 68,447.

Under the C. W. A., the cost of building the retaining wall at the Old Town Park, South Natick, was:

Labor cost	\$432.00
Material cost	73.94

Total cost	\$505.94
------------------	----------

Hours of work: 360. Size of wall: 225 feet long by 1½ feet wide and 3 feet high.

At the Hunnewell Playground South Natick, the C. W. A. and E. R. A. project called for building a football field and for making improvements to the baseball field. This work has already been completed, but because of the dry season last summer when the young grass dried up, we feel that it will have to be seeded again this spring. Following are the costs for this project:

Labor cost	\$10,740.33
Material and equipment	1,523.11

Total cost	\$12,363.44
------------------	-------------

Total hours of work: 19,405.

The C. W. A. and E. R. A. project at the Town Park called for cutting brush and sanding the beach at Dug Pond. Under this project, 50 acres were cleared of brush and burned over; also 250 or more trees were trimmed and about 60 tons of sand was dumped on the ice near the bathhouse, so that when the ice melted we had a sandy bottom at the beach as far as was possible to walk out into the water. The cost of this project was:

Labor cost	\$10,019.90
Material and equipment	39.00
Total cost	<u>\$10,058.90</u>

Hours of work: 17,362.

The project for the Coolidge Playground was divided into Four projects, which are listed as, Coolidge Playgrounds, Coolidge Park, Dug Pond Parking Space and the outlying sections of the Coolidge Playground. The reasons for dividing the Coolidge Playground into four projects were that the Park Department removed loam and sub soil to the extent of 5,000 cubic yards, from Lincoln Street Extension, School Street Extension, Jefferson Street and the outlying sections of Coolidge Field, all of which is Park Department land. This loam was all screened and used on the Coolidge Playground, and, if it had been purchased by the town, would have cost at least \$5,000.00.

So that the Park Department could fill in the different places from which the soil had been removed, we drew up projects for filling in these places, taking our filling from around the parking space at the Dug Pond bathhouse, thereby enlarging the parking space to almost double its capacity. The cost of these four projects was:

Labor cost	\$10,485.90
Material and equipment	1,737.23
Total cost	<u>\$12,223.13</u>

Total hours of work: 20,447.

Cost of Each: Outlying section of Coolidge Field:

Labor cost	\$1,285.00
Material and equipment	214.31
Total cost	<u>\$1,499.31</u>

Hours of work: 2,532.

Coolidge Park:

Labor cost	\$966.00
Material and equipment	248.05
Total cost	<u>\$1,214.05</u>

Hours of work: 1,872.

Dug Pond Parking Space:

Labor cost	\$1,569.00
Equipment	2.50
Total cost	<u>\$1,571.50</u>

Hours of work: 3,066.

Coolidge Playgrounds:

Labor Cost	\$6,665.90
------------------	------------

Material and equipment 1,272.37

Total cost\$7,938.27

Hours of work: 12,977.

The Wilson School lot was another E. R. A. project which came under the supervision of this department. This parcel of land having become an eye-sore to the residents of this section, insisted that it should be cleaned up. The E. R. A., Selectmen and the Park Commissioners drew up a project which was agreeable to all concerned. In order to get down to the grade for this lot of land, we were obliged to take out several tons of granite, a part of the old Wilson School foundation, this granite used to a good purpose for the new wall at the bridge on Pleasant Street, South Natick, by the South Natick Dam Committee. The filling taken off this lot was used in grading the Common. The loam we used for this project was taken from the D. J. Murphy playground at Felchville, which we hope to fix up in the near future by another E. R. A. project. After having graded the Wilson School lot, we were obliged to build a sidewalk and a curbing on the North and West sides, about 275 feet in length. Following is the cost of this project:

Labor cost\$1,114.00

Material and equipment 452.93

Total Cost\$1,566.93

Hours of work: 2,144.

The Natick Common was another E. R. A. project under our supervision. This was drawn up with the intention of bringing the grade up even with the new walks which had been built through the Common four or five years ago. Having a hard time to find loam on the Park Department land at this time we were obliged to remove the loam and use filling which we then covered with the loam which we had previously removed.

The cost of this project was:

Labor cost\$3,195.60

Material and equipment 34.20

Total cost\$3,229.80

Hours of work: 6,230.

The Hunnewell Playground gravel pit was another project with which we had to contend with in order to get enough filling to build the new football field; we were compelled to open up a gravel pit on the east side of the playgrounds. As this was unsightly we decided to grade it. This was done at the following cost:

Labor cost\$1,276.40

Material and equipment 5.10

Total cost\$1,281.50

Hours of work: 2,499.

We now have under the Park Department supervision at the

present time, the largest of any project which has been submitted to the E. R. A. in Natick: the building of the Memorial Park Playgrounds, which will cover ten acres. At present we have 68 men and 7 trucks at work. During the last two weeks of 1934, we had 183 men and 17 trucks at a cost for the two weeks of:

Labor cost	\$4,246.30
Material and equipment	936.80
	<hr/>
Total cost	\$5,183.10
Hours of work: 8,302.	

We also wish to inform the voters of Natick, that if all the loam, gravel and filling that was used on these projects had to be purchased, it would have cost the Town about \$15,000.

At the Dug Pond bathing beach, where the attendance was larger than ever, the Life Guards under the supervision of Richard Burke, performed their duties with great credit and there was not a serious accident all season.

On account of having so many E. R. A. projects under our care this year, and with the number of new parks which have been turned over to this Department in the past few years, we were unable to give all of them the proper care which we know they deserve. Previous to this season, we were given much needed help by the Welfare Department in helping us to carry on our work; but this past season, because of the E. R. A. and the P. W. A. work going on in this district, they were unable to furnish us with any able-bodied men, and our own budget being so small, we had to ask the Selectmen for an over-draft up to \$400.00, which they granted us to keep this Department going until the first of the year. At the Hunnewell Playground in South Natick, a new backstop was erected, 50 feet long by 14 feet high, and 300 feet of bench seats were built.

Respectfully submitted,
ALFONSO GRASSI
EDWIN B. MANN
ROBERT DUNN
Park Commissioners.

REPORT OF BUILDING INSPECTOR

January, 1935

To the Honorable Board of Selectmen,
Dear Sirs:

I hereby submit the report of the Building Department for the year 1934.

Issued 225 Permits as follows:

Plumbing	76
Electrical	44
Gas	29
Alteration	42
Garages	16
New Buildings	18

Estimate cost \$120,450.00.

Plumbers made 38 inspections each.

Building inspector made 540 inspections.

Renumeration in fees on permits \$617.00.

Respectfully submitted,

RICHARD L. BENNETT,
Inspector of Buildings.

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

Natick, January 2, 1935

To the Honorable Board of Selectmen:

In compliance with the law, I have the honor to submit the Annual Report of the Weights and Measures Department of the Town of Natick for the year 1934.

Sealer of Weights and Measures.

REPORT OF DOG OFFICER

To the Honorable Board of Selectmen:

I hereby submit my annual report as Dog Officer of the Town of Natick for the fiscal year ending December 31, 1934.

I have killed 82 dogs, returned to their owners 11 dogs, found homes from 22 stray dogs and called on 125 owners of dogs whose licenses were not paid.

Respectfully submitted,

FRED T. WALKER,
Dog Officer.

REPORT OF BOARD OF APPEALS

FOR THE YEAR 1934

To the Honorable Board of Selectmen:

Three appeals have been made to the Board during the year, each asking for a variance in the application of the Building Code to allow the establishment of some form of business in a residence district. Duly advertised public hearings were given on all the cases, which were disposed of in accordance with the statutes limiting the powers of boards of appeals. Under these limitations, variance was allowed in one case and refused in the two others.

Detailed public records of the proceedings and the reasons for the decision in each case are on file in the office of the Town Clerk. As heretofore, the Board has made no charge for its services.

Respectfully submitted,

**WILLIAM R. BIGELOW,
CHARLES E. MOODY,
HORACE B. GALE,**

Board of Appeals.

MURIEL B. LOOMER

Assistant

CHARLOTTE PINEO

Superintendent of Building

NILES V. SWANSON

Assistant

HARRIS M. BRIGHAM

REPORT OF THE TRUSTEES

To the Citizens of Natick:

Your trustees commend to your perusal the reports of the Librarian and Treasurer, which have been adopted as part of our report.

Notwithstanding the reduction in the working force in the librarian's department referred to in our last report, which has caused the abandonment of some lines of service, the Morse Institute has continued to be the most popular of the Town's educational institutions. The fact that over six thousand persons took for home use an average of more than twenty-one volumes each, besides an increased patronage of the consulting department and of the Young People's Library, makes a remarkable record of usefulness.

The trustees wish to acknowledge that this record has been made possible by the diligent and faithful service of the librarians and assistants. We would especially commend the volunteer work of the assistants and the superintendent of the building on the occasion of the anniversary reception, which contributed much to the success of that affair. See account of it in the librarian's report, which follows.

Respectfully submitted,

WILLIAM R. BIGELOW,
JOHN W. BRENNAN,
ALOYSIUS J. DOON,
HORACE B. GALE,
ARTHUR W. ROBINSON,
Trustees of Morse Institute.

REPORT OF THE LIBRARIAN

To the Trustees of the Morse Institute:

The work of the library for 1934 has been on the same strenuous basis as 1933. With a continuation of the same schedule, the work to be accomplished in the daytime with no part-time assistants was doubled, and much had to be left undone.

Beginning with January the circulation increased rapidly, but in the middle of the summer it began to decline, and in the meantime we were much behind with the work in both departments.

In the Young People's library it was impossible to look over the books and keep them mended, so they had to be stacked up until the first of May when we were allowed two ERA workers for the Young People's library and one in the Main library. Then we were able to clean up all unfinished work in both departments. These helpers, or their substitutes, remained with us all the summer and fall; and now that we are starting on winter work again I understand that they are to be withdrawn.

It is unfortunate to have so much work collect that cannot be completed, keeping old books as well as new out of circulation, and it is unsatisfactory to the public as well as to the workers. There are so many side issues to library work that, with the various interruptions, steady work on any one subject is well-nigh impossible.

One outstanding event of the spring was the reception given to the librarian by the trustees and assistants, in honor of her fifty years' connection with the Morse Institute.

The library was lighted and opened throughout so that the public was able to see the improvements which had been made in 1928, and the flowers presented by the trustees, town officials, organizations and individuals were beautiful.

Music by the Senior High school orchestra under the direction of Miss Lydia P. Tolander was enjoyed all the evening by those present, and was a great kindness on their part to donate their services.

There was a large attendance, many coming from out of town. One of the guests was Mr. William R. Greeley, the architect who designed the alterations, and we were all glad that he could see his finished work in gala dress.

Light refreshments were served upstairs and a very social

evening followed. One gentleman said that he had not had such a pleasant time, or met so many old friends for forty years.

The librarian is very grateful to all who contributed so much to her happiness including the Natick Shakespeare club and the Natick Monday club.

In the summer the annual checking of books in the circulating and reference departments was done in two months' time with good results.

Patrolling the stackroom by the assistants and Mr. Swanson has reduced the losses to a minimum, and also all unnecessary activities.

The books are handled so much during the day that they become displaced, and so temporarily lost. With the ERA workers it has been possible to keep the shelves in good order. The wear and tear on books on open shelves is tremendous. This year, though 680 were rebound, we still have mended 37,825 volumes. With the regular work and no part-time assistants this was quite a task. The assistants are supposed to keep the books in order here, but with the extra work at the desk they have no time.

With many different groups of books on the table here, including notices of what they cover, and with the large three shelf standing case containing many volumes used by the Senior High school for book reviews, the adults are fully as much interested in all these selections as the young people.

We were also able to complete the cataloguing of the remainder of the books from Miss Harwood's private library, which we were unable to do in the winter, and now that they are in they have a wide circulation.

The total circulation for the Main library and the Young People's library is 127,922 volumes, 178 less than in 1933. While the Young People's library has gained 149 volumes over last year largely because of more books being issued to the schools, the decrease is, in the Main library, due principally to the lack of new books, while the reference work is as heavy as ever.

With more people working it is natural that fewer books would be circulated, and our decrease is much less than many libraries. With our new books the circulation is beginning to pick up again, and we shall probably reach our former number before long. We still maintain 9.4 books circulated per capita of population.

Another request for books in Italian brought us 25 volumes from the Division of Public Libraries, the third we have had this year, and also 8 volumes of fiction in Greek for an elderly woman who could read in no other language, and she was homesick for something in her native tongue.

The Boston Public library, as well as the Division of Public Libraries, have been most kind in loaning books for study, through the Inter-Library Loan, and we have had many.

We still continue to send books to the Leonard Morse hos-

pital, and Mr. Frank O. Brown most generously carries them back and forth.

As usual the reference room is well attended, the annuals are kept up to date, and other sets as far as possible.

Also the reading room has few vacant chairs, but some of the periodicals and papers are missed, that we had to cancel when the appropriation was cut.

The Catholic Woman's club still supplies "America", a weekly which is in constant use; they also have much material sent concerning desirable moving pictures, and Mr. Horace B. Gale gives his copy of the "Technology Review". "Algonquin Trail", "Columbia", "Elks", "Middlesex County Bulletin", "National Grange Monthly", "New England Poultryman", "Rotarian" and the "Rosicrucian Digests" continue to be supplied by the organizations which they represent. The "Advance" formerly the "Congregationalist" and the "Missionary Herald" are given by the Christian Endeavor society of the Congregational church, and the "Spirit of Missions" by the Woman's Auxiliary of St. Paul's Episcopal church. Also Mr. Elsmere Wallace added "Zion's Herald" to our religious collection.

This fall the usual instruction in the use of the library was given to the sophomores of the Senior High school, and the librarian being unable to carry it on, Miss Marguerite Taylor substituted most acceptably. Where the librarian had 200 last year and expected 250 this year, Miss Taylor had 270. They were divided into sections of 20 each, and there were about 16 classes in all, from two to four a day for the teachers wanted them to be through in one week so the school classes would not be interfered with more than necessary. Everything went very smoothly and the order was good.

Where we used to wait until we had a long list of books to be printed in our local papers, we are now entering 25 at a time, which seems to serve the public better according to the requests which are made at the desk.

Miss Loomer, librarian of the Young People's library has had a successful year with the exception of the lack of help in the winter, which set back the work so much.

The two story hours a week, conducted by Miss Pineo, have had a much larger attendance than formerly.

There were many books of a wide variety and much interest displayed during book week, and also groups of about twenty-five children each, coming from the Lincoln, Nathan Rice, and Bacon schools, visited the library. Miss Coan of the Junior High brought her class over one morning, and also Mrs. Lena Johnson had her class of kindergarten children down.

These visits give the children who are not familiar with the library an opportunity to get acquainted with the place, and since then many have returned for cards and books.

The "Junior book of authors" was added to the reference

collection from the Rose fund, which is the means of many valuable additions for reference.

Sets of 25 books each, were sent each month to the schools desiring them, and two new schools have been added to the list this last year.

Miss Loomer and Miss Pineo have attended the meetings of the Round Table in the Children's room of the Boston Public library when it has been possible for them to go, for the discussions about books and work are most helpful.

We have received four volumes from Mr. William F. Cleland, 15 volumes and pamphlets from Miss Myrtle Markham, five volumes from Miss Edna Mann, several from Mrs. Exilda Marshall. Honorable David I. Walsh sent us the Memorial address on Calvin Coolidge; the Rosicrucian order which interests many people here gave us three of their books; Mr. Arthur W. Robinson gave the "Historical Manual of the Congregational church" published in 1887, now out of print and which was desired for reference, and also Miss Lucy Ellen Wight gave her file of the Natick Bulletin, 1934, for binding.

During the summer we had many flowers given us by Mrs. Mary Brooks, Mr. Charles C. Emery, Mrs. Fannie C. Gray, Mrs. Nettie G. Hurd, Mrs. Mary Johnson, Mrs. Frank Pulsifer, and members of the staff and janitor.

We have had much assistance from Chief of Police Evans and his officers in looking up overdue books, and the local papers have willingly printed anything sent to them.

Whenever possible the assistants have attended the meetings of the Massachusetts Library club and the Charles River Library club, and meeting so many from other libraries they gain considerable in addition to the addresses.

I cannot say too much for the co-operation of the trustees and assistants when I was incapacitated this fall and winter, and the work went on as usual.

Also the janitors have done most satisfactory work this winter, and no matter how cold it has been the place has been warm.

I am very grateful to trustees, assistants and janitor for all they have done for me.

Respectfully submitted,

MIRA R. PARTRIDGE,
Librarian.

REPORT OF THE BOARD OF PUBLIC WELFARE

January 14, 1935.

The continuance of the general depression throughout the year 1934 again resulted in an unusual number of applications being made to this Board for various kinds of relief. We, however, are pleased to show a substantial decrease in the net cost, due to some extent to the Federal Relief program. An E. R. A. project supplied the services of a nurse who assisted the relief recipients in need of such care. Under another E. R. A. project 450 cords of wood were cut and distributed. The Federal Relief also provided a considerable amount of food and clothing for distribution to those in need.

The Board enrolled 59 young men in the Civilian Conservation Corps. In nearly every case \$25.00 a month was sent home and this enabled the families of the men to get along without assistance or effected a reduction in the aid given.

The appropriations of the Town Meeting provided \$50,000 for General Relief, \$20,000 for Mothers' Aid and \$24,000 for Old Age Assistance, and in addition \$32,538.67 was received from the Natick Employees Deduction Fund. From these amounts \$74,411.93 was expended for General Relief, \$18,651.15 for Mothers' Aid and \$25,203.79 for Old Age Assistance. A more detailed report of the expenses of this Department will be found in the Town Accountant's Report.

As voted at the Annual Town Meeting, an Agent for the Board was appointed as of April 1, 1934. His report to this Board follows:

REPORT OF AGENT

To the Board of Public Welfare:

I wish to submit for your consideration a brief report concerning my activities while serving as your Agent from April 1st to December 31st, 1934.

During the year there were handled 418 General Relief cases, 37 Mothers' Aid cases and 109 Old Age Assistance cases, all active at some time. 157 General Relief cases, 5 Mothers' Aid and 17 Old Age Assistance cases were investigated and aid refused.

During the year 1934 this Department aided 2175 persons as follows: General Relief, 418 families representing 1881 persons;

Town Infirmary, 45 inmates; Mothers' Aid, 37 mothers and 193 children; Old Age Assistance, 109 persons. The expenses were: General Relief \$74,411.93; Old Age Assistance, \$25,203.79; Mothers' Aid, \$18,651.15. The total expenses, \$118,266.87, less reimbursements of \$31,671.49 and a Federal Grant of \$9,376.48, results in a net cost of \$77,218.90. From this amount \$10,937.50 was expended for materials and tools for E. R. A. projects and transportation of Federal foods, also \$875.00 was spent for a new boiler.

I wish to call special attention to the need of a Visitor to follow up cases. I feel that a great saving could be accomplished by a follow up method and that it is false economy to try to save on this expense.

In closing, I want to thank the Board of Public Welfare for their unselfish time that was put in to the running of the office, also to all who helped me in any way in the performance of my duties.

Respectfully submitted,

J. GORDON STEVENS,
Agent and Investigator.

REPORT OF THE TOWN PHYSICIAN

To the Board of Public Welfare:

I wish to submit for your consideration a brief report concerning my activities while serving as your physician during the past year.

I answered 1805 calls for treatment, of which number 1319 were office calls, and 486 were house calls. Of the total number, 102 were referred to the Leonard Morse Hospital with your permission, and were divided as follows: 34 to the medical service, 39 to the surgical service, 17 for confinement, and 12 to the Out-Patient Department, the latter were chiefly for X-rays. Two patients were referred to the Massachusetts General Hospital for special treatment.

During my frequent visits to the Infirmary, which for the most part houses men and women of advanced years, the conditions found there were at all times excellent. The diseases and complications associated with the aged are of such a nature that require a great deal of bed-side care. For this reason you are fortunate in having for a matron, Mrs. John McGarry, a registered nurse, who in many instances renders 24 hour service, and frequently sacrifices her own health for the comforts of the sick.

The medicines, dressing gauze, adhesive plaster and bandages were purchased through your Department at wholesale prices, and dispensed by me, thereby greatly reducing the cost of these items. The new system which went into effect last May, whereby each patient seeking medical care must present a medical slip signed by a member of the Welfare Board, or Investigator, has assisted immensely, especially in eliminating those cases not entitled to service.

I wish to thank the Board for their loyal co-operation and the Investigator for his assistance during the past year.

JOSEPH A. DALEY, M. D.,
Town Physician.

REPORT OF WARDEN OF TOWN INFIRMARY

To the Board of Public Welfare:

I wish to submit briefly for your consideration my report for the year ending December 31, 1934.

The expenses of the Town Infirmary are approximately the same this year as they were in the year 1933. Due to the existing unemployment and the fact that the Infirmary is a division within the Welfare Department, therefore called upon to bear certain financial burdens not required of it in past years, it is almost humanely impossible to definitely determine the exact proportions of the expenditures which should be directly charged to it so that a factor may be determined, from which the weekly cost per inmate may justly be determined.

I have worked in conjunction with all Departments of the Town and have furnished horses, tools, materials, labor from which the Welfare Department received no direct credit.

Many of the inmates are of advanced age and require constant attention. Two are blind, and two are paralyzed. Many are mental cases caused by old age and disease. As to expenditures, time and space do not permit me to enter into any lengthy discussion as to how costs should be allocated. After 38 years of service it became necessary to renew the boiler, to construct a garage, renew obsolete toilets and so forth; all of which are charged to the current year.

During the year I furnished a total of 23,654 meals as follows: To inmates, 22,189; to outside cases, 1,265; and Police Department cases, 200. I also furnished 9,592 quarts of milk to the outside relief cases.

I wish to express my sincere thanks to the clergy as well as to the many societies for the many kind acts done for the old people here. The proper supervision and care of elderly people is in itself a difficult task, and cannot be adequately compensated by money alone. In closing I wish to thank the Board for its co-operation in the past year.

Statistics relative to the Infirmary: On January 1, 1934 there were 20 inmates at the Town Infirmary, 20 new inmates were admitted during the year and 15 discharged, leaving 25 inmates at the Infirmary on December 31, 1934. 979 weeks' board were furnished to Natick settled cases.

Account of Stock at Infirmary, December 31, 1934

Farm utensils and implements	\$2,207.00
House furniture and fixtures	1,903.00

Stock and Poultry	1,377.00

HOWARD F. LEAVITT,
Chairman and Clerk,
MYRA F. FITZGERALD.

REPORT OF THE TOWN PLANNING BOARD FOR THE YEAR 1934

To the Annual Town Meeting,
Natick, Mass., March, 1935.

The report this year is largely an enumeration of the projects which have been accomplished or proposed during 1934. These have generally been done under or with the assistance of the Federal government as a part of the program of public works. We believe that the program undertaken locally has been justified in the effort to see that Natick did receive her share of disbursements in all the divisions.

Foremost in outlay is the Public Works Department project under the P. W. A. for erecting the new Sewage Disposal Plant. It is the duty of every community to see that proper sanitary arrangements surround the town. When new areas are built up with homes and roads it must be expected that changes in a system a quarter of a century old will be required. The old system of evaporation and filtration in open gravel beds is not a satisfactory sanitary feature in our modern towns, especially when it cannot be accomplished remote from dwellings and important roadways. In the case of Natick the present opportunity coincided with an immediate mandatory increase beyond the present filter beds. The construction of the new modern sewage disposal plant in a location where the surrounding property removes it sufficiently to avoid any minor objectionable features will thus prevent an outlay to enlarge the old unsatisfactory conditions.

It is a fact that the adjacent plant belonging to the Town of Framingham is an integral part of the same problem and we should all work to cooperate with the neighboring officials to the end that as satisfactory a solution of their problem shall be accomplished. It is only reasonable to expect that where their plant exists in Natick land, any changes will be made in keeping with surrounding plans to the end that eventual structures and plant will parallel our own in appearance, effectiveness and and remote location.

The completion of the South Natick Dam by the special committee appointed for this purpose is perhaps the next accomplishment of importance in 1934. It is a cause for congratulation that the Town has citizens capable and willing to undertake such a task and the appearance and quality of the completed work is a proper monument to their efforts. The time seemed to many inopportune for the expenditure and the appropriation of \$35,000 will cause all the taxpayers to dig deeper for several years, but the South Natick Dam should be an inspiration to all who live here to make our Town worth living in. It was inconceivable that

the old conditions on the river should continue indefinitely and the money, labor and land contributed through the E. R. A., Welfare and personal resources made the cost less this year. The E. R. A. contribution totalled over \$24,500.

It is common experience that much of the C. W. A. and E. R. A. labor is spent on park and recreational projects. The fact is partly due to a reluctance to spend for these purposes in normal times so that we have been bringing our parks up to condition as well as projecting new ones for the future. It is well to take these steps because the appropriate places must be laid out for parks before the land is developed or the cost of land-takings makes it impossible for these purposes later. We would profit as a people if we made greater use of our parks (like Europeans, for instance) instead of deserting them forever after childhood, and thereafter ride in automobiles. The Memorial Park Playground between the Town Farm and Dug Pond Bathing Beach will provide a much needed place for the High School athletic contests. Natick teams have been at a disadvantage in arranging for return games with other towns because our facilities were not equal. The Coolidge Playground has been used, but under the deed of gift it was not possible to close the field and charge admission. This left a larger share of the cost of the season to be arranged in other ways—as benefit entertainments and games away from home. The new location at the Memorial Park Playground is near the Town Park and the Bathing Beach at Dug Pond and yet accessible from South Main Street by means of a new road which is being laid out beside the Town Farm buildings. The location is misleading because of the divergence between the two approaches—Pond Street and South Main Street, but a glance at the map enclosed (page 92) will show the proposed layout.

The State of Massachusetts has improved its plant at the former Northway Motors building now called the Commonwealth Motor Park. The addition of the substantial sheds will bring much additional motor equipment indoors at Natick. If the present policy is followed into the future this military workshop must grow largely in size and importance. The local interest provided by assignment of the State Guard unit as the 101st Motor Transport Company provides a fortunate link with the Town.

In passing, it should be mentioned that no immediate prospects for our new Post Office are reported. The question of an appropriate site has received considerable attention and should be carefully settled with the best interests of the Town in mind so that it may become an appropriate part of our Town.

The Natick Planning Board have sponsored three E. R. A. projects, all of which have been approved.

The South Natick Survey was begun under the C. W. A. and completed under the present E. R. A. It comprised a survey of streets bounding and land included between Woodland, Union, Eliot, Everett, Rockland and Farwell Streets—a traverse about five miles long. This area includes an important section of South Natick zoned for single residence district. It is likely that much of our future development may include new homes built on this high land protected by our zoning ordinance. Much of this section had not previously been surveyed for streets and topo-

graphy and the plans and information obtained will be of service to other departments in the Town. The location of boundary lines between properties, private rights of way, aqueduct, transmission line and other physical features were noted and included on the plans drawn. Copies of blueprints have been furnished to the Public Works Department, the Assessors' Office, and the Building Inspector. Our Board wish to acknowledge the excellent cooperation received from the Administrators and their staff under both C. W. A. and E. R. A. The men selected for the work were particularly qualified and produced the material wanted in the allotted time. It is not possible for our Board to know in detail all of those who contributed plans, instruments, information or material from time to time but a generous acknowledgement is made for all these.

The Traffic Survey begun in November is still in progress collecting and tabulating or plotting all the information which can be obtained on the subject of vehicular and pedestrian traffic within the Town. The Town is fortunate in the experience offered by Mr. E. C. Williams of the Massachusetts Board of Public Works and of our Public Works Department, who has agreed to act as advisor to the Survey and Chairman of the Natick Traffic Committee. The accident record of bad intersections or locations will be investigated to determine how changes can best be made to prevent recurrences and signs will be recommended for installation at other hazardous points. A campaign of education is being waged by a sub-committee which should be able to assist the residents of the Town. This project should be of immediate and much needed assistance.

A third Planning Board Project is scheduled to start early in 1935 to survey and map all property owned by the Town and not now on record here. This includes land used for schoolyards, playgrounds, parks, etc., much of which has belonged to the Town for many years.

The other departments have suggested several additional projects which would classify as E. R. A. work under the Planning Board. The present lack of qualified men under the terms of the E. R. A. will postpone these until later. Only one project suggested to us has failed to be recommended by the Planning Board. The Board will gladly cooperate with other departments wherever possible in proposing work of value to the Town.

The Planning Board wish to commend the spirit of cooperation shown in the action of the present Board of Selectmen in calling monthly meetings of the Town Department Heads. The meetings permit a better understanding where the action or desires of each department are set forth and explained before obtaining general publicity. This can be of great assistance where information so given is used in the manner intended and may not only serve to act in an advisory capacity to the department promoting a plan but permit of better cooperation where two or more departments are concerned.

The Planning Board submitted to the March, 1934, Town Meeting certain revisions recommended for the Building Code. These included certain changes to make our Code and Zoning Regulations conform to recent revisions in the General Laws of

Massachusetts regarding zoning. They also added provisions covering quarrying, excavation and removal of stone or earth. These latter provisions have already proved their value in preventing the unwarranted removal of loam from valuable farm lands in Natick with consequent loss in valuation. The simultaneous action of our neighboring Town of Wayland shows the general need for such protecting regulations as are embodied in the idea of zoning. The revised Code has now been printed and is available in complete form from the Building Inspector.

At the same Town Meeting the Board sponsored articles referring to the laying out and improvement of Oak Street. The petition to the County Commissioners was acted upon favorably in the section between Worcester and Bacon Streets and the road from Bacon Street north beyond Jennings Pond has been constructed under Chapter 90 of the Massachusetts Laws. This division of expense is very favorable to the Town as shown by the following approximate contributions to the section completed:

State	\$6,000
County	2,000
Town	4,000
<hr/>	
Total	\$12,000

Of the total amount about \$5,000 went for material, and \$7,000 for labor. This is administered by our Public Works Department, using local workers. About a dozen extra men were required for six weeks. The H. S. Hunnewell Estate generously arranged to give the new fifty foot wide location in exchange for the old narrower roadway.

Those who have driven over the new road must have appreciated the result, which is a fine modern roadway including the crossing of Jennings Pond. It is hoped that the short distance to Worcester Street can be completed early next year.

The importance of extending the roadway to Natick cannot be overemphasized, especially by those who travel between East Natick and the center of the Town. No present route is satisfactory and the extension of Oak Street has been recommended by your Board and various committees appointed since 1923. The present distance is about two and a half miles which can be shortened by approximately one half mile over the route suggested. The profile of the Oak Street route is from thirty feet to sixty feet less in maximum altitude than the other routes either existing or proposed.

The continued toll of accidents on the Turnpike, particularly at the Walnut Street intersection, calls for a route to East Natick which will avoid the use of Worcester Street and other present streets which are either too narrow and hilly or too round-about to be desirable.

The continuation of the construction of Oak Street Extension under the provisions of Chapter 90 is both economical and desirable as shown from the figures for the first section completed. Your Board feels that the Town should proceed with plans looking for this construction at the earliest opportunity.

One of the very interesting features of this year was the Conference with Planning Boards along the Worcester Turnpike at which we were the host to twenty-five guests in the High School Hall. The meeting was addressed by three members of the Massachusetts Department of Public Works staff who proposed ideas for cooperation between their department and the local Boards. Afterwards an informal discussion was held which indicated the general agreement of the Boards with reference to policies regarding our mutual problems due to the Turnpike.

It was unanimously agreed that the State should exercise an authority in limiting the factors which make for encroachment upon a high-speed highway and to assist in preventing a general commercialization along its borders. No roadway is attractive which has earned for itself the title of "Hot-dog-highway" or "Gasoline-alley." The conference recommended that the question be referred to the Massachusetts Federation of Planning Boards and agreed to confer again on mutual local problems.

The fact that Natick has a particular problem in keeping her borders along the Turnpike attractive is shown by the tabulation of a survey made in the September:

September 22, 1934.

	Highway Mileage Total		Gas Stations Aver.		Stands Prod. Refrsh.		Eating Places (large)	Misc. Busi.
Newton	3.2	4	1 per	.8 mile				
Wellesley	5.4	5	1 per	1.1 mile	3	1		2
Natick	3.6	8	1 per	.45 mile	5	1	6	11
Framingham	5.5	11	1 per	.5 mile	3		2	2
Southboro	3.7	4	1 per	.9 mile	2		4	
Westboro	4.1	5	1 per	.8 mile	3		6	2
Northboro	.8	0					1	1
Shrewsbury	4.5	11	1 per	.4 mile	3	1	4	1

The evidence shows that ten of the places listed were closed for one reason or another not entirely seasonable. Where this occurs it frequently happens that the management changes hands several times with the ultimate end an untidy place of business and loss of valuation in the place itself as well as surrounding property.

In discussing the subject of "Highway Beautification" we again call attention to the fact that no Natick resident or organization has yet been awarded mention in any of the various contests held by a Boston newspaper annually. There must be opportunity for this reward for improvement during one season so that we again call it to your attention in the hope that some organization or individual may set the pace locally.

The need of a new High School once more brings up the question of location. The present general tendency is to locate schools where the student will not find it necessary to congregate on the sidewalks and busy streets in the center of the town during recess and after hours. The desirability of this is obvious as well as the arguments in favor of a location where expansion will not depend upon seizure and razing of adjoining property. It is probable that the long-range cost of the congested location is greater and

this item weighs heavily at present. The committee appointed will look into all of these phases and we hope that this future condition will not be the least factor in the final decision. Any such decision should be guided by the anticipated growth in Natick.

It has been the habit of Natick policies for years to think in terms of the center of the town. Growth and construction have combined to congest the section within half a mile of the Common. In this area homes have been thickly grouped and improvements to a large extent concentrated.

Several factors are changing this emphasis and should be considered. The automobile makes it easy to live outside and reach the center while automobile traffic continues to make some of the earlier best residential areas less attractive. The Turnpike and other through roads are bringing to Natick people from other communities nearer the city and these as they locate just off the thoroughfares will cause the greatest increases for which we must provide schools and other facilities. The children of the older families are locating further from the center when they come to settle down and in common with other cities and towns the rate of population increase will show a decline. We should therefore look—not to our present Natick but to the town of ten and twenty-five years from now.

The Planning Board recommend that the covering of Pegan Brook be continued as undertaken by the Board of Public Works. The sections now completed have served the abutters well but the uncompleted lengths permit damming back the water and flooding the neighborhood in periods of heavy rainfall. This is always liable to cause damage with consequent claims on the Town which may exceed the cost of doing the work.

The Board believe it an opportune time to continue the work of replacing the cement lined water pipes. The condition of sections removed recently shows a need of this before serious damage results from failure, possibly during a fire. There are about twenty miles of cement-lined pipe laid forty to fifty years ago still in service and a program of replacement should be undertaken and adhered to until finished. This is the type of work which can well be undertaken as an E. R. A. project with the Town supplying the pipe and the government the labor. We believe advantage should be taken this year of the temporary favorable opportunity.

The Board wish to congratulate Mr. Horace B. Gale on his successful undertaking of the defense of the so-called Billboard Law as chairman of the state committee. The 1921 report of the Natick Planning Board gave cuts of several particularly obnoxious locations of bill-boards about town and cited the steps being taken to obtain removal of these sign-boards and hearings on the future location of new boards. The succeeding steps have carried the question far beyond the Town of Natick until the Supreme Court of Massachusetts has recently ruled as constitutional the state laws enabling the towns and cities to protect themselves from improper and damaging locations of bill-boards. The case has had national recognition as a fight for the rights of the citizens and Natick may well be proud of the success of Mr. Gale, and his early work on our Planning Board which projected him into the fight.

The problem is now to see that we keep and reap the benefits of his work.

The Planning Board call attention to new and proposed legislation whereby the duties of the Town Planning Boards will be increased to provide information for the proposed State Planning Board and inturn to the Regional and National Planning Boards. To do this it will be necessary to undertake work on a scale not recently done by the Natick Planning Board.

The present state law Chapter 41 of General Laws, Sect. 70 says in part “. . . . create a planning board which shall make careful studies of the resources, possibilities and needs of the town, particularly with respect to conditions injurious to the public health or otherwise in and about rented buildings, and make plans for the development of the municipality, with special reference to proper housing of its inhabitants. . . .”

The duties outlined above are extremely broad and the recent procedure outlined by the Government beginning with creation of a master plan of the town and its maintenance involves a considerable extension of the Planning Board functions. This will, if accepted, mean a need for organization on an administrative basis and somewhat greater funds than the very nominal appropriations heretofore.

We ask your consideration of these proposed changes which are designed to permit planning in advance for the growth of the Town and the elimination of much of the expensive casual and even careless growth of the past.

The Board appreciates the cooperation of the other town departments in the work reported for the year and look forward to a busier and we hope a better year in 1935.

Respectfully submitted,

(Signed): R. D. HARRINGTON

No School Signal

The No School Signal for the Junior and Senior High Schools has been eliminated.

The usual No School Signal—2-2-2—will be blown on the Natick fire whistle at 7:30 A. M. and 12 noon, signifying no school in the session immediately following for the elementary system—Grades I-VI, inclusive.

REPORT OF THE SCHOOL COMMITTEE 1934

To the Citizens of the Town of Natick:

The responsibility for the common school education of nearly three thousand future American citizens is not one to be taken lightly and we are fully aware of the necessity for our justifying the confidence reposed in us, by administering the School Department in such a way as to assure the best results for the money invested. This we have tried to do and will continue to the best of our ability.

No amount of thought or action on the part of this committee would be of much avail without the hearty co-operation of the Superintendent, teaching staff, janitors, and clerks. We are happy to say we have had this co-operation from the entire personnel of the School Department, with a resulting increase in teaching efficiency, harmony, and consequently fine morale, which can have no other than a beneficial effect on the attitude which the pupils have toward this necessary part of their development.

In order to do good work, the workman must have good tools. Some of our school buildings are old and, because of unavoidable lack of funds, have not had necessary repairs made to them, to say nothing of improvements. There are conditions maintaining that should be corrected at once, from a health and safety standpoint if for nothing else. The most pressing need right now, however, is adequate room and facilities to take care of the Senior High pupils. This matter has been the subject of the investigation of a committee appointed at the last regular town meeting. The committee will report with its recommendations at the regular meeting in March. Something must be done to relieve the present situation.

For detailed information with which you should be thoroughly familiar we refer you to the report of the Superintendent. Everything discussed and recommended in it is endorsed by this committee as expressing the joint and several views of its members.

REPORT OF THE SUPERINTENDENT

To the School Committee:

The report of the schools for the year 1934 is hereby submitted for your consideration.

The school budget for the year 1933 was extremely low. As a result of this, many places in our organization were considerably weakened. This fact was appreciated by the Finance Committee which acted upon our budget for 1934 and an appreciable increase was allowed. Because of this increase, we have been able to strengthen many of these weaknesses and to prevent our school children from suffering noticeably. However, there are still a number of weaknesses which remain to be strengthened and we hope that the budget for 1935 will make it possible to care for these.

In 1933 the Welfare budget for the town was nearly as large as the school budget. Through the government assistance offered in 1934 by the Emergency Relief Administration this department has been able to greatly curtail its expenses and to remain within its budget. This should help out the general situation of the town and should make it less necessary to sacrifice proper educational facilities for our school children. The problems of education are always greater in a business depression. This is especially noticeable in the upper grades housed in the junior and senior high schools. Lack of employment greatly increases the pupil enrollment in these buildings. This naturally calls for an increased expenditure if the same quality of education is to be maintained. A system of levying taxes more equitably should help our situation. Many towns have a personal property tax. Some consideration could be given by Natick citizens to a plan of this kind. Real estate bears too great a burden. In Massachusetts, real estate pays four-fifths of the taxes, yet represents but one-fifth of the wealth.

In spite of unfavorable conditions, however, the general morale of the school department and its employees has been very good. We have done as much as we can to maintain conditions physically, socially and mentally. Our teachers have continued to improve themselves professionally. A large portion of them have carried educational courses befitting their subjects at a number of educational institutions located in or near Boston.

Our older wooden buildings were renovated and repaired, as far as our budget would permit, during the summer vacation. The Felchville school was shingled, the heating system at the Eliot was repaired, interior painting was done at the junior high by painters furnished us by the welfare department, new steel

ceilings and new floors were constructed at the Oak Grove, and some improvement was made in the sanitary conditions at the Nathan Rice. Emergency Relief Administration projects now approved will keep many men at work in our buildings thruout the winter months. Our only handicap in this respect, is the securing of sufficient money for materials. The senior high exterior should be gone over and its many open joints pointed. Many obsolete sanitariums should be replaced. The grounds at the Bacon and Oak Grove Schools should be fenced, especially on the highway sides.

Several years ago I recommended the purchase of at least one room of school furniture each year. This recommendation was based upon the following facts: The school desks and chairs in many class rooms, especially in those of the older elementary buildings, are in very poor condition. Some class rooms are made up of several different types of old furniture. In many instances we have found that much of this old furniture has been used by at least two generations. It has not been possible to carry out this recommendation during these years of depression. We have added only what furniture has been absolutely necessary to house our pupils, but have made no replacements. We have sanded the tops of many desks every year in order to keep this old furniture in use as long as possible. We should inaugurate a definite program of school-desk replacement.

A survey of the text book situation has been made during the present school year. This survey shows that 39,041 text books are used thruout the school system. It is generally accepted that the life of a text book averages between four and five years. Nevertheless we find that of this total, 1825 books were purchased over fifteen years ago; 2840 books are between ten and fifteen years of age; 15,013 books are between five and ten years old. In other words 19,678 text books or practically half the total number now in use are older than the average life of a book.

During the summer of 1934 we purchased some visual education equipment, namely:- one motion picture machine, one microscopic projector and one opaque-sterioptican combination. These machines are in use every day. The senior high school makes the greatest use of this equipment, but the motion picture machine is used a definite part of each week in the junior high school and in the grade buildings. All of the films used in this motion picture machine are of educational value. There is but small expense attached to the use of these films, mainly for transportation. We are working on a definite program whereby the most valuable and instructive of films will be used thruout the school system. More and more films are being made available for schools every year. It is possible through the use of good films to teach in fifteen minutes a geography lesson that would necessitate forty-five minutes of teaching from text books. This same situation holds true also in science and a number of other subjects. Motion pictures are an aid to the teacher, they make possible a larger unit of instruction, and learning is made easier and more enjoyable. All of the pictures have been used in connection with the regular instructional work of our schools. We receive from various companies and organizations approximately five films each week.

Every child has certain rights to education and general welfare which we all recognize. He has the right to a school building which is sanitary, properly lighted, ventilated, and equipped, and free from hazards. The community should recognize and plan for his needs, protect him against physical danger, moral hazards and disease, and provide him with safe and wholesome space for play and recreation and make provision for his cultural and social needs. Our school system endeavors to give every child an education, which, through the discovery and development of his individual abilities, prepares him for life; and which, through training and vocational guidance, prepares him to earn a living which will yield him the maximum of satisfaction. It also endeavors to educate him for safety and protection against accidents to which modern conditions subject him. Those who champion the child and his right have been handicapped in the past three years by those who would befog real issues by drawing attention to what they term wasteful expenditures of money and extravagances in education. With the changing social order the problems of the public schools today are more difficult of solution than they ever have been. We must have strong teachers with good training and understanding. Our children are to be confronted with a social and economic world that will challenge them much more than ours has challenged us. For the first time in our history all youth must go to school or be idle. The kind of education and its organization is now the serious concern of all school administrators. We cannot afford to neglect this great body of young people, to whom the right type of guidance and training is so essential at this time.

The elementary schools are using a total of forty-four classrooms, housing 1,450 pupils. As usual the enrollment in some classrooms was extremely large and that in some others small at the opening of school in September. For this and other reasons it was necessary to transfer a number of pupils. The new portable, a two room structure erected in August at the rear of the junior high school building, houses about seventy-five pupils living in this vicinity. This building is well built and its rooms are pleasant and comfortable. It cares for a serious need in that vicinity of the town.

A number of teacher-committees are at work on our curriculum in social science, local history and geography. A course of study in language is also being considered and a revision of the English work will be ready within the year.

Dr. Wellington, state psychiatrist, with her assistant, visits our schools twice a month. She has helped teachers, children and parents with problems in reading disabilities, trouble with eyes and ears and difficulties where the mental growth is slow. Each case is interpreted for the teacher and the remedial work is started at once.

Many pupils appear to be taking an increased interest in art work every year. In fact this interest has increased to such an extent that our two art teachers are handicapped for time in giving proper attention to those who have shown special ability. In the high school one hundred eleven pupils enrolled in art classes. The work of these people is entirely individual. It is based on the

problem method with the aim to encourage individuality. A tremendous amount of outside work has been done by the high school pupils for such organizations as the Grange, Woman's Club, and a number of organizations in town which desire attractive poster work. Sketch classes are organized in both the junior and senior high schools, using both life and still models. Pupils from our art classes both in the junior and senior high schools have achieved notice in art contests conducted by several state wide organizations.

We have made an effort this year to continue and extend the instrumental music instruction started five years ago. This has been possible through the assistance of a practice teacher in the junior high school. We now have an orchestra in both the senior and junior high schools; a band in each building, each of which has increased in membership, and a glee club in each building. In the elementary grades a music plan of study has been pursued, whereby the children are being trained to love good music through participating in good music. A special effort has been made in the first six grades to correlate singing and musical performances with the study of great composers, art, social science and physical education. Instrumental training is continued from the fourth grade through the junior high school. Students meet in classes at this building Wednesday, Thursday and Friday afternoons.

Our greatest present problem is the housing situation at the senior high school. Some definite action should be taken by the town in the near future. The present building, constructed to house five hundred pupils, now has an enrollment of five hundred seventy-six. There are at present eight hundred twenty pupils in the junior high school who will in three years time represent the high school enrollment. It is true that some of these will drop out, but with the likelihood of the passage of the school age law advancing the age limit to sixteen, but few of these will fail to enter the senior high school. Added to this number is the possible annual entrance of other pupils not at present in our public schools. With generous Federal funds apparently available, we should not pass up any opportunity to care for our increased high school enrollment immediately. The two session plan is the only way out if greater housing facilities are not provided. This plan is most undesirable and can never be condoned in any town under the present Federal building program. The parents of the pupils would soon protest such a plan. It can never be worked with any degree of success. In fact it will really offer the pupils approximately half of everything. It would mean a general curtailment of many things needed in modern education. We were able to continue on a one session basis this year because of the work done by the Civil Works Administration workers last winter. Two class rooms were constructed, one from a basement storage room and the other by reorganizing the science laboratory.

During the past five years we have made every effort to curtail expenses and at the same time sacrifice as little as possible of our educational offering. The following figures will indicate the extent to which we have been successful in economizing. In 1929-30 it cost the town of Natick \$141.83 to send a pupil to the Natick Senior High School for one year. In 1930-1931 this cost was reduced to \$131.78. In the year 1931-1932 it was reduced to \$114.37.

In 1932-1933 it was reduced to \$90.97. In 1933-1934 it cost only \$89.10. Attention to individual instruction and wholesome student activities has necessarily suffered under this economy program, but the spirit of the teaching staff, taken as a whole, has been excellent and we feel that we have made some creditable progress in spite of difficulties.

One of the main objectives of a public senior high school is to provide adequate training for college to all of its students who have the native ability and steadfastness of purpose to take advantage of this training. During the past five years ninety-seven Natick High School graduates have been admitted directly from high school to the following colleges.

Amherst College, Amherst, Massachusetts
Antioch College, Yellow Springs, Ohio
Boston College, Boston, Massachusetts
Breneau College, Gainesville, Georgia
Bridgewater Teachers College, Bridgewater, Massachusetts
Boston University, Boston, Massachusetts
Colby College, Waterville, Maine
Craig College, Manchester, England
Dartmouth College, Hanover, New Hampshire,
Emerson College, Boston, Massachusetts
Framingham Teachers College, Framingham, Massachusetts
Harvard University, Cambridge, Massachusetts
Holy Cross College, Worcester, Massachusetts
Indiana State College, Angola, Indiana
Jackson College, Medford, Massachusetts
Kalamazoo College, Kalamazoo, Michigan
Massachusetts Institute of Technology, Cambridge, Massachusetts
Massachusetts School of Art, Boston, Massachusetts
Massachusetts State College, Amherst, Massachusetts
Northeastern University, Boston, Massachusetts
Oberlin College, Oberlin, Ohio
Reis College, Weston, Massachusetts
Rollins College, Winter Park, Florida
Simmons College, Boston, Massachusetts
Wellesley College, Wellesley, Massachusetts
Wesleyan University, Middletown, Connecticut
Worcester Polytechnic Institute, Worcester, Massachusetts

The quality of work done by these students has, on the whole, been a credit to themselves and to the school. Harvard University, Massachusetts Institute of Technology, Boston University and Wellesley College have seen fit to cite some of these students for high honors in scholarship. Our students have also taken active part in the social and athletic phases of college life. During this same period, more than one hundred graduates have gone to other types of educational institutions. Many of these students have also been cited for the excellence of their work.

Of course it is a well-known fact that the past few years have been particularly difficult years for young people to obtain work of any kind. Yet, in spite of this situation, over sixty of our Business Course graduates have obtained positions distributed among twenty-four business firms. Many others have obtained positions

which are not directly connected with the training which they received in school. We have constantly tried to improve the training given by this department. We have organized classes in Office Practice, Office Machines, and Business English. The students in this department are given experience in the offices of the Superintendent of Schools, the Junior High School Principal, and the Senior High School Principal. The Superintendent and Principals appear before the Business English class, which contains all the senior girls in the Business Course, for the purpose of giving them specific instruction concerning the work in the various offices. Arrangements have been made whereby senior students in good standing may accept permanent positions a few weeks before the close of the school year. Every effort is made by the department to recommend its graduates for positions where they will be of the best service to their employers.

Experience has shown us that approximately thirty per cent of our graduates attend college or some other school of higher learning. Approximately twenty per cent prepare themselves for a vocation in the business field. The remaining fifty per cent are not particularly interested in college or other school training beyond the high school. Neither are they interested in taking the Business Course. They are interested primarily in obtaining a general education in high school and will take up a type of work which has comparatively little bearing upon the subject matter which they study in school. For this group we are making a very serious effort to develop a course of study which these young people will find interesting and helpful from the point of view of general education. There is a great deal of material outside of text books which has a direct and vital bearing on the everyday lives of the great majority of people, regardless of what they do for a living. This material is well worth the time and attention of both pupils and teachers. We are organizing a new course in Business Studies for boys in order to make profitable use of much of this material. For example:

The customary text book courses in Science are prepared primarily to give a foundation for more Science along the same lines. Since the majority of pupils taking this new Civic Curriculum will not study Science further, we are substituting in our Natural Science courses a great deal of practical knowledge for the more technical scientific information included in the College Preparatory Course. Our new visual aid equipment is of great assistance to us in making this practical information interesting to pupils.

The workings of our own town government and all its various departments, for the support of which we pay taxes, are very incompletely understood by the majority of people. No single textbook is written on this subject, yet what more worthwhile information can we teach our young people? The reorganized course in Social Studies 12 emphasizes this material. The Town Report is studied in considerable detail.

Savings banks, trust companies, and co-operative banks are closely tied up with the everyday life of the community, but most people learn about these institutions only what they pick up on the street. There is hardly a person who is not affected in some

way by insurance of one type or another, but many young people for years have been graduating from high school and college knowing little or nothing about the value of insurance as a safeguard for security, and knowing less about the details of the various insurance plans. The study of these institutions is included in our Business Study courses.

Probably ninety-five per cent of the girls graduating from our high school will some day have homes and families of their own and we are told that the largest part of the nation's income is spent by women. The rapid growth of restaurants, commercial bakeries, cook books, ready-made clothing, and street corner tailor shops has made courses in cooking and sewing of less importance. On the other hand, developments along social, economic, and scientific lines make it increasingly important that our girls learn something about the management of a home, the scientific care of children, and the wise spending of the family income. We are attempting to make our courses in Household Arts not only care for the lesser need, but also fulfill this greater need.

During the past few years and even the past few months, a great deal of important legislation has taken place vitally affecting industry, banking, agriculture, housing, etc. Every effort is made to keep the material in this new curriculum not only worthwhile but up to date by getting first-hand information on this legislation. For example: We are teaching our pupils about the Home Loan Act, National Housing Act, National Securities Act, Tennessee Valley Project, etc.

We do not expect the courses of the New Civic Curriculum to contribute a great deal in the way of preparing for a vocation, but we do expect that they will contribute much toward the enjoyment of life, regardless of the vocation followed by the individual taking this curriculum.

Modern physical education has diverted from the old system wherein only a minority of students in the public schools participated in the physical education program. This country and all leading countries in the civilized world have become mass-minded where physical culture is concerned. This trend is due to the increase of scientific knowledge in this field, making all educators realize that there are definite benefits both physical and mental to be derived by the students no matter what his physical make-up may be, from participation in some supervised physical education work.

This year we have enlarged our physical education programs not only in regard to athletic teams but in the form of class work in the physical education classes. Our aim is a physical education program that will include all pupils in the Natick school system. Several enlargements in the athletic program of the high school have been made this year.

At the opening of the fall term we were confronted with the situation whereby we had to play all football games out-of-town, as Coolidge field was still under repair. The games originally scheduled to be played in Natick were arranged to be played away under satisfactory conditions. Whitney field was secured to prac-

tice on. The largest squad in the history of the school reported for practice at the beginning of the season and remained out until its close. The squad never went below 62 in number. This was due in part, to the fact that we had a Junior Varsity squad, which played a regular schedule of 6 games. The Varsity squad played 9 games, won 6 and lost 3. Because of this increased number out for football, quite an additional amount of equipment had to be purchased and because of the fact that we have had no home games, our financial income has been less than it would have been under ordinary conditions. However, this season will be a financial success as we entered the Framingham game, with outstanding bills of only about \$100.00. After the Framingham game there was a balance of \$800.00.

Regular classes in physical education are offered to every boy and girl in the junior and senior high schools with the exception of the seniors. Lack of facilities prohibits this class from participation. With some additional assistance in the physical education department we have been able to offer physical education work in the elementary buildings. It was necessary to forego this elementary instruction two years ago. We have endeavored this year to emphasize a corrective program throughout the system. Every boy and girl has a physical examination by the school physician. Besides this general examination there have been several special examinations. Eyes and ears are tested and notices sent to parents where medical attention is advisable. Special exercises have been given in class work in order to correct many physical disabilities.

An extensive afternoon program of athletics has been developed and now is in substantial working order. These afternoon activities are carried on at no additional expense as several of our men and women teachers give regularly of their time in sponsoring this work. These afternoon activities include the touch football program, basketball tournaments, volley ball, field hockey, hiking, captain ball and schlag ball.

The whole program as yet is not definitely arranged and still needs considerable organization. Nevertheless a fixed program is under way which will form the background of a permanent physical activities' set up. As time goes on adjustments will be made to care for the interest of all our pupils.

There is a tremendous amount of detail involved in administrative work. We have nearly three thousand pupils, fourteen buildings, and one hundred and sixteen employees. A record of administrative details of the activities of the superintendent, his secretary, and the school department office for one school year was kept and is itemized as follows:

Phone calls received	3145
Phone calls made	2066
Phone calls received at home	656
Phone calls made at home	518
Letters received	2402
Other mail received	1352
Letters written	764
Personal conferences with parents	186

Personal conferences with principals or teachers	414
Personal conferences with students	126
Personal conferences with salesmen	565
Other callers	516
Teachers' calls at office (non conference)	865
Conferences with janitors	340
Teaching applicants interviewed	181
Workmen interviewed	348
Board Meetings attended	21
Callers interviewed at home	150
Meetings of principals or teachers	9
Athletic Committee Meetings attended	5
Outside conferences or meetings attended	30
Educational conferences attended	11
Visits to school buildings	301
Visits to Class rooms	399
Visits to out-of-town schools	41
Written reports to School Committee	94
Written notices to Principals, Janitors and teachers	241
Bills audited	553
Payrolls audited	110
Teachers' applications received	217
Questionnaires or forms filled out	74
Forms completed for Clinics	12
Budget information compiled—units	21
Notices to papers	45
Classes taken by Superintendent	10
Trips with Attendance Officer	79
Miles travelled in car on school business	3552
Employment certificates issued	156

May I again ask our citizens to look upon the school appropriation not as a tax but as an investment.

Respectfully submitted,

CLIFFORD R. HALL,
Superintendent of Schools.

REPORT OF HIGH SCHOOL HOUSING COMMITTEE

The Senior High School Building Committee appointed recently by the Town Moderator to investigate the present crowded conditions, and the School Survey Committee appointed in 1929 by the Moderator, met this evening at eight o'clock in the School Committee room. By common consent, Superintendent C. R. Hall was asked to serve as chairman.

There were present three of the five members of the High School Committee and five of the nine members of the Survey Committee.

Problem. The problem presented for consideration was the overcrowded conditions at the Senior High School. This building was constructed in 1913 to care for 500 pupils in four grades. In 1926 the enrollment was 601 for these four grades and it was necessary to take over the School Committee room, the superintendent's and elementary supervisor's offices and the assembly hall for class work with a great loss in discipline and instruction for the pupils. The next year the Coolidge Junior High School was opened, and the three grades remaining in the building dropped to a total of 427.

In 1932 these three grades numbered 525, in 1933 there were 551, and this year the total is 576. It is easy to see that next year by the graduation of 146 and the gain of 276 from the last year of the Junior High the total will be 706. By similar arithmetic in 1936 the graduation of 181 and the coming of 273 from the Junior High will make a total of probably about 798 if Natick does not increase in population.

The present building had 464 desks for home room pupils besides special rooms for Household Arts, Science, Drawing, and Typewriting. Last year a basement store room and the Science laboratory were converted into class rooms. There are now 501 desks for home room pupils and 108 tablet chairs of which 75 are now in constant use. The state permit limits the seating capacity to 625 pupils in the building.

Any extension beyond this limit means the running of double sessions for the school 8-12.30 and 12.30 to 5 with the possibility that this handicap will reduce the quality of instruction and the standing of the graduates in later institutions.

The present building has several serious handicaps.

1. The Assembly Hall will barely accommodate the present attendance and some seats cannot view the stage. The stage itself is neither large enough nor properly constructed for the presenta-

tion of school plays. The floor is not supported strongly enough for the use in dancing, and social affairs, and it is necessary to limit the number attending.

2. The Gymnasium does not have legal exits, and therefore cannot be used for any public games. It is not large enough to allow instruction in physical education to all present members of the school for two periods a week.

3. The Lunch Room. No lunch room facilities were planned for the building. At present food is prepared in one part of the gymnasium while the classes are in session, and the only protection from dust, etc., is a wire netting around a little space against the wall. It is dark, unsanitary, and the conditions are not appetizing. On stormy days pupils must eat in the locker room and the sanitaries. On good days they go outside to cross East Central Street to various lunch rooms most of which are licensed to sell liquor and smoking is expected, or they must trespass on the Episcopalian Church property.

4. The Sanitaries. According to the present state regulations, there are enough sanitaries to accommodate only 300 pupils and these are of an obsolete type and unsanitary in construction. All of these are in the basement of a three-story building while present approved practice would place these on each floor.

5. The corridors are narrow and dark. They are badly crowded when classes pass from room to room delaying this exchange and at recess some pupils are delayed five minutes for their lunch.

6. The noise of traffic on East Central Street greatly handicaps the class rooms on the north side of the building representing more than half the space. This is particularly noticeable in the spring and fall months when the ventilating system is not working and it is necessary to keep the windows open.

Double Session

The Double Session plan would have the disadvantages also that—

1. the cost of fuel would be greatly increased.
2. the cost of lighting would be much more than doubled.
3. the cost of janitor service would be increased.
4. the cost of teachers' services considerably increased.
5. the loss from text books and in property damage much greater.

The teachers would find—

1. less time for class room instruction and less chance for selection of subjects by the pupils as the school day will have five periods instead of six.
2. less opportunity for assistance to pupils and for make-up work especially necessary for those in the college preparation.
3. the general morale of the afternoon classes very low.
4. much less interest in studies.
5. no opportunity for football or baseball for those in the afternoon classes.

6. difficulties in supervision of the heads of departments.

Parents would find—

1. the necessity of preparing the noon meal at two or three different times.
2. some children would be obliged to go both morning and afternoon to secure their necessary classes.

This meeting considered four possible solutions of the overcrowding.

Plan A. When the present building was constructed it was suggested that the building could be enlarged by adding class rooms to the rear. Probably these rooms could be added at the southeast and at the southwest corners. This would bring the capacity of the building to nearly 700 but would not in any way solve the problem of an overcrowded and inadequate gymnasium and assembly hall nor remedy the present deplorable lunch room situation and they would bring into the corridors a confusion worse confounded. Neither of the architects who have drawn up emergency plans consider these wise for long-time planning as the conditions in the future would require further accommodations.

Plan B. A new senior high school building to care for 900 pupils or possibly 1000.

Ten acres of land should be taken so that there will be adequate space for playground, park, and breathing space. This would probably be placed near the geographical center of the town which is near the present Walnut Hill School for Girls. This is not now the population center which is a half mile south but with the development of the area near the Boston and Worcester Turnpike it is likely to be the population center in a few years. The building would be thoroughly modern in every respect with adequate auditorium, gymnasium, and lunch room and contain all the features and equipment required to carry on an enriched curriculum in an efficient manner.

Plan C. This would call for the transfer of the Senior High School to the Coolidge Junior High School building and the use of the present Senior High School Building for the Junior High Classes south of the railroad, and then of the construction between Bacon and Worcester Streets of a new North Junior High School as previously contemplated to seat about 500. The present school population is 2830 of which 1188 come from the north of the railroad and 1642 south of the track. Of the 1188 north of the railroad 620 attend elementary schools and of these 548 are accommodated in schools north of the track while 72 cross the track to go to their schools, 315 Junior High School pupils cross the track, and 253 Senior High pupils as there are no accommodations for them north of the track. On the south side are 818 elementary pupils with accommodations for 890, 501 Junior High School pupils with 816 in the building, and 323 Senior High pupils in a building holding 576. To sum it up—on the south side are 1642 pupils and the buildings house 2282, while on the north side are 1188 pupils and the buildings hold 548.

Plan D. This would extend the present building to the south nearly 300 feet and transfer most of the classes to this addition.

It would give a double gymnasium, double locker rooms, double toilets, a lunch room, a manual training room, and an assembly hall with double entrances, double size and sliding doors to make it smaller if desired. The present building is crowded on less than about half an acre of land. By taking the rest of that block of land for the new building about $1\frac{1}{4}$ acres are secured which is decidedly inadequate. (By Plan B ten acres would be taken in a much more sightly location). A part of the block of land next west of the present building is now owned by the town. If the remainder of that block were acquired nearly three acres would be available for high school uses with an outlook upon the larger area of the Common. This is the least that should be considered sufficient.

Costs. Under Plan A the cost would figure about \$60,000 to \$100,000 depending on the size of the rooms added and the amount of additional land required for this.

Under Plan B one estimate is \$385,000 for the building or about \$400,000 with land, and another is \$346,000 for the building or about \$360,000 in all.

Under Plan C, we have no exact estimates but an estimate of \$210,000 for 800 pupils. If we cut this to 500 pupils probably land and building can be procured for \$160,000. Transfers and new construction in the two older buildings might be \$30,000 or a total of \$190,000.

Under Plan D an estimate for the extension southward of the present building is \$186,000 for a capacity of 800, but at least 900 to 1000 should be provided for and for a figure of about \$200,000 is probably correct. To this must be added the cost of acquiring the land for the rest of this block about \$30,000 and for the next block about \$35,000 making a total of \$265,000.

The present building was constructed for \$110,000 and the Junior High School building cost \$317,000.

The Joint Committees recommend: The extension southward of the present building to accommodate about 800 pupils at a cost of \$190,000 and the taking of the land bounded north by the present High School property, west by Church Street, south by Common Street, and east by Morse Street, at an estimated cost of about \$30,000.

**Effective July 1, 1934.

REPORT OF TRUSTEES

The Trustees submit their report for the year ended December 31, 1934.

There has been but little of interest, other than the ordinary routine. The hospital has been ready at all times, day or night, to care for those so unfortunate as to be sick or injured and we trust that as patients during the past year they have found the service rendered all that could be expected.

No extensions to the hospital plant have been made but many minor improvements were completed or are in progress.

- (a) The heating is now entirely by direct radiation instead of indirect originally installed. This has permitted the removal of heating boxes in the basement, allowing additional space for storerooms but, of more importance, it has done away with the hot air registers in the rooms, these latter bringing in from out doors much dust and dirt.
- (b) The private telephone system has been discarded and an interior system installed and maintained by the New England Telephone & Telegraph Company substituted.
- (c) A shower bath room and lavatory for the surgeons and physicians is in process of installation. This improvement has been urged by the Staff and has been much needed. It was only by the change in the heating system, allowing the removal of the Sewing Room to the basement, that a space near the operating and delivery rooms was made available.

Your Trustees fully realize that additional beds, both in private rooms and in the wards, are imperative but have believed it better, considering that the country is still in a depression, to postpone any extensions until we may anticipate more nearly normal conditions. The plant as a whole is in good repair.

As Mr. Potter was spending the Winter in Brookline, he felt he should not continue as President and, therefore, submitted his resignation. Mr. Sweetland was made President and Mr. Fair Secretary.

We would call your special attention to the Treasurer's Report which shows that for another year the hospital has been able to meet its expenses from its income. This, of course, is due largely to the money received from the Chickering Fund. Were it not for this fund, the citizens of Natick would have been called upon for contributions.

Your attention is also directed to the statistical information contained in the report of the Superintendent, Miss Erpestad. Without an explanation it might be considered that the percentage of deaths to number of patients admitted was high. When, however, it is understood that approximately 21 per cent of the patients who died were in the hospital only 24 hours, the figures are not so impressive, since many patients were admitted when it was believed that no improvement in their condition was probable.

In the Maternity Division there have not been as many births as in 1933. The number for 1934 was 184 as against 193 for 1933.

We are again greatly indebted to the Ladies' Aid Association for their help during the past year. In the Superintendent's report will be found details of some of the many ways in which they have assisted the Hospital.

We wish to thank the Visiting Staff for the assistance which they have rendered the hospital during the past year. The Consulting Staff has been willing at all times to serve ward patients without compensation and their help is greatly appreciated.

In October the Superintendent, who had served the Hospital efficiently since 1927, submitted her resignation to take effect as of December 31. We can only wish for Miss Erpestad the best of success and happiness in any new work she may undertake. On January 1, 1935, Miss Marion L. Jackson who, since 1927, has been Superintendent of the Malden Hospital, will assume the position of Superintendent. We anticipate that her administration will fully meet our expectations and that under her guidance the Leonard Morse Hospital will continue to be one of the best of its size in the State.

The reports of the Treasurer and Superintendent follow and are to be considered a part of this report.

For the Trustees,

Respectfully submitted,

RALPH SWEETLAND,
President.

REPORT OF THE TREASURER

Trustees of Leonard Morse Hospital,
Natick, Massachusetts
Gentlemen:

I am submitting herewith report of my audit of the books and accounts of Leonard Morse Hospital, Natick, Massachusetts for the year ended December 31, 1934. This report consists of my comments; my certificate; and the following described exhibits and supporting schedule:

EXHIBIT "A"—Statement of Cash Receipts and Disbursements of Treasurer for the year ended December 31, 1934.

SCHEDULE 1—Statement of Cash Receipts from Gross Operating Income for the year ended December 31, 1934.

EXHIBIT "B"—Investments—December 31, 1934.

EXHIBIT "C"—Special Funds—December 31, 1934.

Comments

Cash Receipts of the Treasurer as shown by the records for the year ended December 31, 1934 were verified, by checking of operating income from the Hospital reports with the records maintained at that institution, supplemented by a test check of charges to patients' accounts from original records; interest on Savings Bank accounts and income from the Samuel G. Chickering Fund by direct confirmation.

Cash Disbursements were vouched with cancelled checks, which were also examined as to signatures and endorsement, and found to have been supported by purchase and expense vouchers properly approved. Petty Cash disbursements were verified by examination of vouchers, and Pay Roll by checking of computations in detail for the year.

Footings of all books of account were verified and the balance of cash on hand at December 31, 1934 reconciled with bank statement as at that date.

Outstanding accounts receivable were examined in the Patients' Ledger maintained at the Hospital and total found in agreement with the private ledger control account. All accounts charged off to Free Treatment during the year, or as uncollectible items were found to have been approved by the Trustees.

Investment Securities owned were examined and found in agreement with the investment record. Income receivable therefrom during the year was properly accounted in cash receipts.

Savings bank pass books and interest income thereon were also examined and checked with your records.

Certificate

I have audited the books and accounts of LEONARD MORSE HOSPITAL, NATICK, MASSACHUSETTS for the year ended DECEMBER 31, 1934 to the extent noted in the foregoing comments, and I hereby CERTIFY that the appended EXHIBITS and supporting schedule, are, in my opinion, correct.

F. C. REMMELE,
Certified Public Accountant.

REPORT OF THE SUPERINTENDENT

To the Trustees of the Leonard Morse Hospital:

The statistics for the year ended December 31, 1934, are as follows:

Patients in Hospital, December 31, 1933	26
Admitted January 1, 1934 to December 31, 1934	1171
Females	750
Males	421
Surgical	605
Medical	365
Maternity	196
Discharged	1070
Deaths (two dead on admission, not admitted)	65
Remaining in Hospital, December 31, 1934	27
Births	184
Stillbirths	2
Largest number of patients in Hospital in 24 hours	51
Smallest number of patients in Hospital in 24 hours	18
Daily average of patients	30.4
Daily average of family	81.9
Ambulance trips	121
Patients who lived less than 24 hours	14
Cases for Medical Examiner	7
Out-Patients	252
Operations	667
X-rays	723
Accidents	106
Patients in private rooms	418
Patients in private wards	420
Patients in wards	333
Patients, employees	11
Patients, Town of Natick—including Out-Patients	102
Patients whose accounts are charged to towns other than Natick	3
Patients, insurance	45

The enrollment of nurses at the close of the year is as follows:

Superintendent	1
Assistant Superintendent	1
Instructor	1
Night Supervisor	1
Operating Room Supervisor	1
Floor Supervisors	3

In the Laboratory, 6658 tests were made. In the absence of the Pathologist, Dr. S. C. Dalrymple, who was granted a year's leave of absence for further study, the Trustees made arrangements with Tufts College Medical School to carry on the work. In February our technician spent a week at the Laboratory at the State House, Boston, for additional experience in Pneumonia Typing. There was a change made in the rate for laboratory work, which became effective August 1.

The members of the Ladies' Aid Association are helpful in so many ways. Yearly they subscribe to magazines for the nurses, provide transportation for extra attendance at clinics at Medfield State Hospital and classes at Newton Hospital, and this year offered to help with the expenses of the nurses' annual dance. Flowers have been sent in regularly for the patients, and also a daily paper. A new lamp and rug were purchased for the Ladies' Aid Room, and ten lamps donated to other private rooms. There was also much sewing done by the members.

It has become an established custom to hold the graduation exercises out-doors. This year they were held on Thursday, May 24, for a class of seven. Miss Phyllis Cahill was presented with the award. The address was given by Miss Bertha W. Allen, Superintendent of the Newton Hospital. It was a great privilege to again have Mrs. Bernice Leavitt sing for us; her accompanist was Mrs. Hallett E. Jones. The Ladies' Aid Association sent flowers for the occasion, as did one of the Trustees, Mr. D. A. Lucey.

The Alumnae Association voted to adopt the eight-hour system for special duty nurses in the hospital for a trial period of twelve months, with rate corresponding to the hours of work. This went into effect April 19, 1934. The registry call list has been considerably shorter since then and the plan seems on the whole to have been satisfactory for the majority of those concerned.

Several pieces of new equipment were added to the various departments. Among these were an eight-tube centrifuge for the Laboratory and a Drummond transfusion apparatus.

This year only one class of students was admitted. With fewer students it has been necessary to employ graduate nurses for general duty.

The classroom program has been carried on with the assistance of the doctors and others interested in the school. Thanks are especially recorded for the course of classes and clinics in mental nursing arranged and given by the training school staff of the Medfield State Hospital.

The cooperation of the members of the Police Department and Fire Department is marked. They have always responded willingly and quickly when called.

The hospital received many donations during the year. These

are listed elsewhere in the report and efforts have been made to acknowledge each gift.

Respectfully submitted,

ASTA ERPESTAD, R. N.,
Superintendent.

ENTRANCE REQUIREMENTS AND INFORMATION FOR APPLICANTS TO THE LEONARD MORSE HOSPITAL TRAINING SCHOOL FOR NURSES

The Leonard Morse Hospital Training School for Nursing was established in 1900.

The course of three years includes a preliminary term of four months and an affiliated service of six months in Pediatrics, Medical Nursing and Gynecology at the Boston City Hospital. A two months' course in Public Health Nursing with the Brookline Health Centre is offered as an elective to a limited number of senior students.

Candidates should be between 18 and 35 years of age, in good health and of good moral character.

Preference will be given to those applicants whose high school records show the best preparation for entering the School of Nursing. The following credits shall be required in the high school course: Two units of natural science (i. e. general science, physics, chemistry, biology, physiology); three units of English; two units of mathematics (i. e. commercial arithmetic, bookkeeping, algebra, geometry). In lieu of these requirements, the College Preparatory Course will be accepted.

In order to protect nurses during their training, all students are required to be immunized against such communicable diseases as the authorities of the School deem advisable. Certificate of vaccination against small pox within one year of entrance is required.

Applicants' teeth must be put in order before coming for preliminary term.

Classes enter in September.

Lectures and clinics are given by members of the medical and surgical staff and by special lecturers. Class work is under the direction of one full time and five part time instructors.

The Hospital is ideally located and the students are housed in a pleasant Nurses' Home.

Maintenance and a reasonable amount of laundry are furnished by the Hospital during the three years. An allowance of \$10.00 a month is given after the preliminary term.

The School is approved by the Massachusetts Board of Registration of Nurses. It is non-sectarian.

Whenever possible it is desirable for candidates to make a personal application by appointment any week day.

GIFTS ACKNOWLEDGED FOR THE YEAR OF 1934

Books:

Mr Robert W. Harwood, Natick
Mrs. Edward H. Hawes, Natick

REPORT OF THE DEPARTMENT OF PUBLIC WORKS

ORGANIZATION 1934

BOARD OF COMMISSIONERS

A. W. Boardman, Chairman	Term Expires 1937
E. C. Williams, Clerk	Term Expires 1936
C. A. Eldridge	Term Expires 1935

Superintendent, B. G. Sargent

Assistant, Sewer and Water Divisions, Wm. Leahy

Assistant, Highway Division, Wm. J. Oakes

REPORT OF THE COMMISSIONERS

To the Board of Selectmen and Citizens:

We present herewith the fourteenth annual report of the Commissioners.

Highway Division:

The highways on account of the severe storms this year and the prospects of a severe and stormy winter will in all probability require a great deal of repairing during the coming year.

Walnut Street from Belvidere Road to Bacon Street has been widened, reconstructed and treated with MacAsphalt top.

Oak Street, from Bacon Street to Connecticut Avenue, in conjunction with the State and County, was relocated and constructed with gravel and the surface treated with tar and probably will be extended to the Worcester Turnpike during the next year.

Jefferson Street, thru funds received from the Federal Civil Works Administration was constructed with gravel and extended westerly about 500 feet.

Sidewalks were built or resurfaced on the following streets with funds provided by Town appropriations:

Eliot Street; Streets bordering the Unitarian Church, South Natick; Glenwood Street; Water Street, South Natick; Morse Street; North Main Street; Charles Street; and Willow Street.

Thru funds received from the F. E. R. A. we have been able to resurface 2980 linear feet of asphalt sidewalks.

Drains, 3245 linear feet in length have been built and 27 catch basins constructed during the year.

Street Oiling;

All of the highways that were treated with tar or oil during 1933 with the exception of a few of the lesser travelled ones, were again treated this year.

We had planned to treat a larger number of highways this year but were unable to do so on account of the increased cost of snow and ice removal in the early part of the year.

Snow and Ice Removal:

This has been a serious problem for the past few years with all indications pointing to the continuance for several years to come.

Such storms as we encountered during the early part of the year have a tendency to seriously cripple our equipment and in order to maintain the equipment to the standard of efficiency necessary to cope with any demands which may be required of it, we again, as last year, strongly recommend as a matter of economy, the purchase of a new truck or other apparatus each year, to replace three old trucks which have been in use for ten, nine and eight years respectively, until our equipment meets the required standard of efficiency, as in our opinion and also the opinion of others it has been fully demonstrated that in the purchase of the four wheel Marmon-Herrington truck purchased this year, replacing the twenty year old Packard truck, we were able to more successfully cope with the severe snow and ice storms this Winter while otherwise we would have been unable to do so as this truck has a solid traction grip on all four wheels which gives it much more power.

Sanding the dangerous parts of our highways and sidewalks during the severe storms and cold weather is another serious problem which we have encountered during the past few years and the number of demands for this service has increased each year until now we are doing three or four times as much of this kind of work as we did several years ago.

During the past year we have used approximately 5000 tons of sand in this work and our storage bins for sand have been filled at least four times during the year.

Water Division:

The old cement lined pipe on Bacon Street, from Walnut Street to Park Avenue; Washington Street from North Avenue to Shattuck Street; North Avenue from Walnut Street 1180 feet easterly and a short distance on Shattuck Street has been discontinued and replaced with larger cast iron pipe.

The twelve inch cast iron pipe on Walnut Street has been extended from Belvidere Road to Bacon Street: North Avenue has been relaid with an eight inch cast iron pipe from Walnut Street east 840 feet; Washington Street has been relaid with a six inch cast iron pipe from North Avenue to Shattuck Street; Lincoln Street Extension has been relaid with a six inch cast iron pipe

from Chester Street 1500 feet southerly; Oak Street has been relaid with a six inch cast iron pipe from Bacon Street to Border Road, and Shattuck Street has been relaid with a six inch cast iron pipe from Walnut Street easterly.

This year as usual all maturing water debt and interest falling due was paid from the revenue of this Division.

Sewer Division:

Progress on the new Sewage Disposal Plant has not proceeded as rapidly as we anticipated on account of a provision in the original Sewage Act which prohibited the Town from constructing a sewage disposal plant on the north side of Worcester Street and consequently we petitioned the Legislature for an enabling act allowing the Town to construct the new disposal plant on the north side as this was the only available location.

This legislation was passed on February 13, 1934.

Further complications on account of a change in the Federal Regulations made it impossible for this department to do this work and we were obliged to let the project out under contract, the contracts being signed in November of this year. More or less difficulty has been experienced with the contractor to induce him to employ Natick labor but this is gradually being remedied so that in the Spring work on this project can be carried on more speedily.

This year as usual all maturing sewer debt and interest falling due was paid from the revenue of this Division.

In General:

As recommended last year money was made available for the purchase of new billing machinery which was installed during this year together with a new meter reading and bookkeeping system.

In order to distribute the office work more evenly throughout the year the town was divided into three districts, the meters being read and the bills sent out quarterly instead of semi-annually as heretofore, the bills of all three districts being sent during the quarter, the stagger form of billing being used whereby the bills for the first district are sent out the first month of the quarter, the bills for the second district are sent out the second month and the bills for the third district are sent out the third month, in this manner the bills for one third of the town are sent out each month.

Modern billing machinery was purchased and a "bookless book-keeping" type of billing procedure was adopted. All accounts are figured in the office and are entered in the original meter readers' books, each of which contains on the average of 250 accounts or two days work.

The billing operation is carried on simultaneously with the meter reading; the operator having prepared the bills and ledger sheets on addressing equipment, fabricates at one operation both the bill and the ledger sheet. Upon completion of the billing operation the ledger sheets having been automatically footed to show the totals of the present and past readings, the consumption and the amount of the bills are checked to eliminate the only

possible chance for personal error—the calculation of the rate.

Approximately 1200 bills are thus rendered at the first of every month.

The former system of billing created two severe peak loads per year on the office force and required the employment of temporary help as all of the bills were sent out at the same time and during these periods the reading of the meters began at least two months before the billing date, while under the new system the reading of meters begins only two weeks before the billing date, thus the bills are sent out in a much shorter time after the reading of the meters. Naturally the consumers were more or less confused in the beginning as the new system was installed during the middle of the year.

The effect of the new system as adopted was to entirely eliminate the peak loads on the office force, equalizing each month's work thus enabling the department to render prompt service on the investigation of complaints which were greatly reduced due to the uniformity of the interval between readings.

It is quite obvious that in sending the bills quarterly makes it much easier for the consumers to pay the bills as the receipts of this department show a decided increase over the past few years and our uncollected bills show a decided reduction.

We firmly believe this billing machinery will pay for itself within a very short time not only by making it possible for us to collect our accounts more promptly but enabling us to secure data which otherwise we would be unable to obtain.

We wish to state at this time that a large part of the revenue of this department reflects in the reduction of our tax burden.

For the past few years this department has paid all additional water and sewer debt maturing each year amounting to about \$24,000.00 and in addition no appropriation has been made for the past two or three years either for water and sewer rentals used by the various town departments or for hydrant service amounting to about \$6,000.00. These two items amount to about \$30,000.00 and reduces the amount of our tax burden to this extent and means a large saving to the tax payer.

We believe that in order to show the entire revenue of this department especially from a business standpoint, that there should be an appropriation made for the water and sewer rentals used by the various town departments and also for hydrant service.

The collection of accounts promptly makes it unnecessary for the town to borrow as much on revenue loans, as the money being paid into the town treasury, saves just so much on interest charges on the loans which would have otherwise been made and this is a further saving to the tax payer.

For further details we refer you to the report of the Superintendent which has been incorporated as part of our report.

A. W. BOARDMAN,
E. C. WILLIAMS,
C. A. ELDRIDGE,
Commissioners.

REPORT OF THE SUPERINTENDENT

To the Board of Public Works:

Gentlemen:

I herewith submit the following report of the activities and financial standing of the Department of Public Works for the year ending December 31, 1934.

Tables accompanying this report give all the data relative to the streets constructed of macadam, the streets treated with bituminous materials and drains laid.

Respectfully yours,

B. G. SARGENT.

Highway Division

Table 1

Street	Length Constructed in feet	Cost per Sq. Yd.	Remarks
Oak	2850	0.93	D. T. and Gravel
Walnut	525	1.75	D. A. M. P.

Note: In Table 1 the letters A. T. M. P. and D. denote respectively Asphalt, Tar, Macadam, Permanent and Drainage.

CONSTRUCTION

Walnut Street from Belvidere Road to Bacon Street was constructed of broken stone base penetrated with asphalt and a Mac-asphalt surface.

Oak Street from Bacon Street to Connecticut Avenue was constructed of gravel and the surface treated with tar.

For detailed report of street construction attention is called to Table 1.

Table 2

Street	Repaired or rebuilt in lin. ft.	Catch Basins	Drain Pipe Size	Length in ft.
Oak	2850	15	12-24-48	1300
Walnut	550			
West Central		2	12	360
East			12	200
Church		1	10	200
Bee			10	300

Avon	4	10	360
Chester	2	10	175
Charles	1	12	350

Table 3

Miles of Streets	Permanent	Semi-Permanent	Total
Existing December 31, 1921	1.85	1.97	3.82
Existing December 31, 1922	3.99	7.11	11.10
Existing December 31, 1923	4.84	13.50	18.34
Existing December 31, 1924	6.14	13.72	19.86
Existing December 31, 1925	6.35	16.46	22.83
Existing December 31, 1926	8.03	20.06	28.09
Existing December 31, 1927	8.42	23.42	31.84
Existing December 31, 1928	9.12	32.28	41.40
Existing December 31, 1929	9.94	32.05	41.99
Existing December 31, 1930	10.28	39.53	49.81
Existing December 31, 1931	11.40	49.21	60.61
Existing December 31, 1932	11.81	46.44	58.25
Existing December 31, 1933	11.81	48.15	59.96
Existing December 31, 1934	11.91	48.29	60.20

The following street was added to Table 3 during the year under Semi-Permanent.

Street	From	To	Lin. ft.
Jefferson	Lincoln St. Ext.	School St.	740

SIDEWALKS

During the past year 10,120 linear feet of sidewalks were built or resurfaced with Macasphalt as follows:

Street	Linear Feet
Water	1,780
Eliot	940
Unitarian Church, South Natick	380
Glenwood	1,400
Morse	1,340
North Main and Charles	1,300
Avon	1,500
Franklin	480
Waban	1,000

BRIDGES, CULVERTS, AND DRAINS

During the past year 3,245 linear feet of drains were laid varying in size from 10 inch to 48 inch and 27 new basins constructed.

For detailed report of culverts and drains attention is called to Table 2 accompanying report.

Sewer Division

HOUSE CONNECTIONS

This branch at present comprises 1,679 house connections. Detail of existing house connections will be seen in the accompanying tabulated data.

Active to December 31, 1933	1,672
Old houses to old sewers	4
New houses to old sewers	3
Old houses to new sewers	0
New houses to new sewers	0
	—
Active connections December 31, 1934	<u>1,679</u>

There have been 17 stoppages during the year, practically all due to roots of trees.

PUMPING STATION

For detailed report of Pumping Station, attention is called to the following tables 1 and 2.

On Table 1—the month of July is chosen as a standard, as the sewage pumped is the lowest percentage of water pumped. It is assumed that there was no leakage into the system during July, thence the percentage of water pumped to sewage pumped (45 per cent) is used as a standard.

To save space the columns are lettered as follows:

- A—Water pumped in million gallons.
- B—Sewage pumped in million gallons.
- C—Relation of sewage pumped to water pumped.
- D—Percentage of excess sewage pumped to water pumped.
- E—Excess sewage pumped in million gallons.
- F—"Fuel Equivalent" cost of pumping one million gallons sewage.
- H—Excess "Fuel Equivalent" cost of pumping sewage due to leakage of ground water into sewerage system.

In this Table no account is made of excess labor cost.

JOHN KEAYS, Engineer.

DISTRIBUTION SYSTEM

During the past year 6,545 feet of mains have been extended or relaid and 16 additional services have been laid.

Table 3 accompanying this report gives detailed information of construction activities of this division during the past year.

Breaks in mains have occurred as follows:

Cement lined mains 8—cost of repairs about	\$550.00
Cast iron mains 3—cost of repairs about	175.00

HYDRANTS

Additional hydrants have been installed as follows: two on Lincoln Street; one on South Street.

HOUSE CONNECTIONS AND METERS

The following tabulated data gives detailed information of existing house connections and meters.

Taps active December 31, 1933	3,493	
Taps made in 1934	16	
	<hr/>	3,509
Taps discontinued in 1934		0
		<hr/>
Taps active December 31, 1934		3,509
Meters in use December 31, 1933	3,642	
Meters set 1934	22	
	<hr/>	3,664
Meters discontinued 1934		1
		<hr/>
Total meters in use December 31, 1934		3,663
Leaks have occurred as follows:		
Caused by defective goosenecks	3	
Caused by defective pipe	9	
	<hr/>	
Total		12

SUMMARY OF STATISTICS FOR THE YEAR ENDING DECEMBER 31, 1934

In form recommended by the N. E. Water Works Association.

Natick Water Works

(Town)	(County)	(State)
Natick	Middlesex	Massachusetts

General Statistics

- Builders of machinery:
Barr Pumping Engine Company; Worthington Pump and Machinery Corp.; and Moore Steam Turbine Company.
- Description of fuel used:
 - 14-16 gravity fuel oil.
 - Average cost per ton delivered \$7.10.
- Fuel oil consumed for year, 512,040 lbs.
- Total pumping for year, 291,000,000 gals.
- Average static head against which pump works 178 ft.
- Average dynamic head against which pump works,
 - Barr 203 ft.
 - Worthington 230 ft.
- Number of gallons pumped per lb. of oil.
 - Barr 619.6
 - Worthington 510.9
- Duty: (Ft. lbs. per 100 lbs. of fuel oil)

(a) Barr Pump	
$167,020,000 \times 8.34 \times 203 \times 100$	
<hr/>	
269,410	
(b) Worthington Pump	
$123,980,000 \times 8.34 \times 230 \times 100$	
<hr/>	
242,630	
- Cost of pumping figured in Pumping Station
Expense, viz:

	\$7,113.08
(a) Per million gallons pumped	24.44
(b) Per million gallons raised one foot (dynamic)	
Barr 0.12	Worthington 0.106
- Fuel cost of pumping, viz: fuel oil

Barr \$947.85	Worthington \$931.32
(a) Per million gallons pumped	
Barr \$5.68	Worthington \$7.52
(b) Per million gallons raised one foot (dynamic)	
Barr \$.028	Worthington \$.033

FINANCIAL STATISTICS

Balance brought forward from water rates

Replacement of mains	7,485.96	
HH. Extension of services and meters	8,674.86	
	<hr/>	
KK. Total construction		\$19,467.55
O. Net cost of works to date		\$994,090.57
Q. Value of Sinking Fund at date		4,884.15
R. Average rate of interest 4 per cent		

Statistics of Consumption of Water

1. Estimated total population at date	13,510
2. Estimated population on lines of pipe	13,400
3. Estimated population supplied	13,400
4. Total consumption for the year	291,000,000
5. Passed thru meters	
6. Percentage of consumption metered	100
7. Average daily consumption	797,260
8. Gallons per day to each inhabitant	59.01
9. Gallons per day to each consumer	59.43
10. Gallons per day to each tap	227.20
11. Cost of supplying water per million gallons figured on total maintenance (item CC)	\$72.77
12. Cost of supplying water per million gallons figured on total maintenance and interest on notes and bonds (CC and DD)	\$90.49

Statistics Relating to Distribution

System Mains

1. Kind of pipe—C. I. cement lined and wrought iron.	
2. Sizes—from one inch to eighteen inches.	
3. Extended 6,545 feet during the year.	
4. Discontinued by replacement 7,100 feet during the year.	
5. Total now in use 67.99 miles.	
6. Cost of repairs (leaks only) per mile \$10.66.	
7. Number of leaks per mile 0.16.	
8. Length of pipe under four inches diameter 13.31 miles.	
9. Number of hydrants added during the year (public and private)	3
10. Number of hydrants now in use (public and private)	344
11. Number of stop gates added during the year	14

12.	Number of stop gates now in use	815
13.	Number of stop gates smaller than 4 inches	166
14.	Number of blow offs	10
15.	Range of pressure on mains 15 to 90 lbs.	

Services

16.	Kind of pipe—galvanized iron, cement and lead lined and C. I.	
17.	Sizes— $\frac{3}{4}$ to 6 inch.	
18.	Extended during the year 960 feet.	
19.	Discontinued during the year, 00.	
20.	Total now in use, 210,560 feet.	
21.	Number of services added during the year	16
22.	Number now in use	3,509
23.	Average length of service, approximately 60 feet.	
24.	Average cost of service for year (gross, exclusive of meter)	\$60.00
25.	Number of meters added during the year	21
26.	Number of meters now in use	3663
27.	Percentage of services metered	100
28.	Percentage of receipts from metered services	100
29.	Number of motors and elevators added	none
30.	Number of motors and elevators now in use	4

REPORT OF TOWN COUNSEL

To the Honorable Board of Selectmen:

I am pleased to submit the following report for the year 1934:

There are now pending against the town three suits for damages to real estate and one to personal property. There is pending a suit for personal injury alleged to have been received at the Town Infirmary.

Three minor claims, personal and property damages, were settled with the consent of the selectmen, for sums amounting to \$75.00, \$35.00, \$41.34, respectively; and two, after suits had been brought, for \$125 and \$350. The Natick District Court awarded a judgment against the town for \$780.00 for personal injuries to Mrs. Helen R. McDonald, after trial.

The Natick District Court, after a hearing, decided upon the facts that Fireman Lyman G. Brown was entitled to an increase in pay of \$1.40 per week, which decision enables Mr. Brown to receive the same pay as all other regular members of the Fire Department.

The suit against the Town of Leicester for reimbursement for aid disbursed by the Town of Natick is pending since 1930 in the Middlesex Superior Court.

Ten clamis for tax abatement were appealed to the Court of Tax Appeals, six have been adjusted, two withdrawn and two are pending.

It was my pleasure during the year to work in harmony with the committee in charge of the construction of the South Natick Dam.

The town acquired for the new sewerage system 25 acres of land for the Board of Public Works north of Worcester Street.

Considerable time was devoted by the selectmen and your town counsel to hearings on the Natick-Wellesley Airport. An opinion was written by me in November followed by a conference of taxpayers, representatives of the airport and the Selectmen, when new rules and regulations were discussed.

The Selectmen and other department heads have been enabled to work in harmony with the Emergency Relief Administration officers and they have secured for the town the maximum allotment for each month during the year.

During the year I have been called upon to give opinions,

written and oral, numbering over five hundred.

Oak Street was laid out by the County Commissioners during the year after a delay of over ten years for which improvement the trustees of the Hunnewell Estate contributed extensively of their lands.

Without undue difficulty, the Selectmen granted licenses under the liquor law which was in course of constant change during the year. One license was suspended for a period for violation of regulations. An all-alcoholic license was refused by the Selectmen because the applicant refused to conform to regulations prescribed by the Board of Health. The applicant appealed to the A. B. C. Commission.

During the year it has been a pleasure to work in cooperation with the various departments, which have shown a keen appreciation of financial conditions. I wish to thank them for their patience and helpfulness during the year 1934.

Respectfully submitted,

WILLIAM F. HALL

GOLDWIN P. HOLBROOK,
CLARENCE N. HOWE,
ERNEST L. JACOBS,
Sinking Fund Commissioners.

REPORT OF THE TOWN ACCOUNTANT

To the Honorable Board of Selectmen,

Natick, Mass.

Gentlemen:

I herewith submit my report for the financial year ending December 31, 1934.

I have examined the Town Treasurer's books and have compared his receipts and expenditures with my books and find them to be correct. I have checked his balance on hand December 31, 1934, with his bank statement and find his balance to be correct.

I have examined the Trust Funds in the possession of the Town Treasurer and find he has accounted for the interest and has drawn from the Trust Funds the authorized expenses for which the Trust Funds were established.

I have examined the Tax Collector's books and checked the abatements allowed by the Assessors, and find that the Collector has turned over to the Treasurer all money due the Town with interest on taxes and bank deposits.

I have examined the Sinking Funds and Trust Funds held by the Town and find them correct.

I have examined and checked all departmental bills and warrants drawn on the Town Treasurer.

The following is a list of unpaid bills for 1934. Board of Health \$2,916.78, Town Clerk \$32.23, Building Inspector \$59.57.

Very truly yours,

THOMAS J. SHEA,
Town Accountant.

February 22, 1935.

Sworn and subscribed to
Before me,

JAMES H. FLEMING,
Justice of the Peace.

Collector of Taxes.

RECORD OF TOWN MEETINGS

Annual Town Meeting, March 5, 1934

WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

Greeting:

To any Constable of the Town of Natick in said County:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet:

The Voters of Precinct No. 1 in Court Room, Walcott's Block, Natick.

The Voters of Precinct No. 2 in School House Hall, South Natick.

The Voters of Precinct No. 3 in High School Gymnasium, Natick.

The Voters of Precinct No. 4 in Pythian Hall, Natick.

MONDAY, MARCH 5, A. D. 1934

at 5:45 o'clock a. m., at which time in all Precincts of said Town of Natick, the polls will be opened and will remain open continuously until 7:45 p. m. of said day, when they will be closed, during which time the aforesaid qualified inhabitants of said Town may bring in their votes to the Election Officers, duly appointed and sworn for said Precincts of said Town of Natick in said meeting so assembled for

One Moderator, one Town Clerk, one Town Treasurer, one Tax Collector, three Selectmen, one Tree Warden, and six Constables all for one year; also one Assessor of Taxes, one member of the Board of Public Welfare, one Sinking Fund Commissioner, one Park Commissioner, two members of the School Committee, two members of the Planning Board, one member of the Board of Health, and one Commissioner of Public Works, all for three years; also one Trustee of the Leonard Morse Hospital for seven years; also one Trustee of the Leonard Morse Hospital for six years to fill the unexpired term of Martin O. Nelson, deceased; also to answer by the Australian system of balloting the following questions:-

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whisky, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

All ballots to be furnished by the Town and the election will be conducted according to the Australian system, as enacted in Massachusetts, and in conformity with the election laws of said Commonwealth.

You are further required to notify the aforesaid qualified voters of said town of Natick to meet in Concert Hall, Clark's Block, Natick,

TUESDAY, MARCH 13, 1934

at 7:30 o'clock p. m., then and there to act on the following articles:

Article 1. To see how much money the Town will raise and appropriate for the following purposes:—Salaries of Town Officers, Necessary Town Uses, Assessors, Rent of Town Hall, Military, Lighting Streets, Board of Health, State Aid and Burial of Soldiers, Soldiers' Relief, Employees' Pension, Decorating Soldiers' Graves, Care of Town Clocks, School Department, Highway, Water, Sewer, Police, Fire, Park, Tree Warden, Moth Department, Morse Institute, Public Welfare, Mothers' Aid, Old Age Assistance.

Article 2. To act on reports of the various Town Officers and Committees as printed in the Town Report for 1933.

Article 3. To see if the Town will authorize the Treasurer, with the approval of the Selectmen, to borrow on and after January 1, 1935, in anticipation of the revenue of the financial year beginning January 1, 1935.

Article 4. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to extend as much as is necessary of the revenue loans of 1933 not to exceed \$200,000.00 for a period not to exceed six months under authority of and in accordance with the provisions of chapter 3 of the Acts of 1933, or take any action relative thereto.

Article 5. To see if the Town will vote to authorize the treasurer, with the approval of the selectmen, to borrow money for general municipal purposes under authority of and in accordance with the provisions of Chapter 49 of the Acts of 1933, or take any action relative thereto.

Article 6. To see if the Town will vote to appropriate a sum of money for a Reserve Fund in accordance with Chapter 40, Section 6, General Laws, or otherwise act thereon.

Article 7. To see if the Town will instruct the Selectmen to install lights wherever they think necessary, and appropriate money for same or otherwise act thereon.

Article 8. To see what sum of money the Town will appropriate for the emergency overdrafts of the year 1933, of the various departments, under the provisions of Section 31, Chapter 44, General Laws, as amended.

Article 9. To see what sum of money, if any, the Town will appropriate for the maintenance of streets constructed under Chapter 90. Such sum or part thereof to be used in conjunction with equal money contributed by the State and County.

Article 10. To see if the Town will vote to authorize the Board of Public Works to purchase for the Highway Division such equipment as, in their judgment, may be necessary to properly conduct the work of that Division in their Department; raise and appropriate money to pay for the same or otherwise act thereon.

Article 11. To see if the Town will vote to authorize the Board of Public Works to rebuild or resurface existing Tar Walks; and to rebuild or extend gravel sidewalks in certain cases where, in their judgment, it is for the interest of the Town so to do; appropriate money to pay for the same or otherwise act thereon.

Article 12. To see if the Town will vote to authorize the Board of Public Works to build, rebuild, extend or replace sidewalks in certain cases where, in their judgment it is for the interest of the Town so to do, the expense of all granolithic walks to be borne, one-half by the Town and one-half by the abutters, appropriate or borrow money to pay for same or otherwise act thereon.

Article 13. To see if the Town will vote to authorize the Board of Public Works to build or repair such fence guard rails and retaining walls as, in their judgment, would best serve the interest of the Town by the prevention of accidents to the traveling Public; appropriate money to pay for the same or otherwise act thereon.

Article 14. To see if the Town will vote to authorize the Board of Public Works to resurface certain bridges crossing the Boston and Albany R. R. appropriate or borrow money to pay for the same or otherwise act thereon.

Article 15. To see what sum of money, if any, the Town will appropriate to purchase materials to be used on construction work specified by the Public Works Department. The labor to be furnished by the Welfare Department or Unemployment Committee, or otherwise act thereon.

Article 16. To see what sum of money, if any, the Town will appropriate, by borrowing or otherwise, to resurface, reconstruct, or rebuild all or any portion of West Central Street. Such sum or part thereof to be used in conjunction with money contributed by the State and County.

Article 17. To see if the Town will vote to authorize the Board of Public Works to resurface, reconstruct, rebuild or drain any portion of Rockland Street, Pegan Brook, Leach Lane, Union Street and Pond Street, appropriate or borrow money to pay for the same or otherwise act thereon.

Article 18. To see if the Town will vote to authorize the Board of Public Works to improve the Water System in Union Street, West Central, Speen, and Oak Streets, Lincoln Street Extension, appropriate or borrow money to pay for the same or otherwise act thereon.

Article 19. To see if the Town will construct a catch basin on the southerly side of West Central Street, about 100 feet distant westerly from Main Street, appropriate money for same, or otherwise act thereon.

Article 20. To see if the Town will vote the sum of \$2,600 for the reconstruction of sidewalks in South Natick, as follows:

1. Right hand side of Water Street from Eliot Street to end of Water Street	\$835.
2. Eliot Street from Eliot School to end of Bailey property — 240 yards	180.
3. Right side of Eliot Street from Mulligan property to Badger Avenue	368.
4. Sidewalks surrounding Unitarian Church	209.
5. Right side of Union Street from Broads Avenue to Brooks Street	433.
6. Left side of Pleasant Street from bridge at dam to Glen Street	175.
7. Glenwood Street from Glen to Cemetery	400.

Article 21. To see what sum of money the Town will vote to appropriate for material, equipment and supplies, for Civil Works Administration projects, under the supervision of the Board of Selectmen, or otherwise act thereon.

Article 22. To see if the Town will vote a sum of money sufficient to extend a water main on Silvia Avenue, also fire hydrant on south end of above avenue or otherwise act thereon.

Article 23. To see what action the Town will take relative to petitioning the Federal Government for funds to cover the cost of the construction of an addition to the Senior High School, or otherwise act thereon.

Article 24. To see what sum the Town will vote to appropriate for the repairing, replacing and equipping that portion of the Oak Grove School building and contents destroyed by the recent fire, or otherwise act thereon.

Article 25. To see if the Town will vote to grant or appropriate the sum of \$4,000 for the purpose of paying tuition charges of pupils from the Town who attend Vocational Schools located elsewhere, the same to be expended under the supervision of the School Committee; pass any vote or take any action relative thereto.

Article 26. To see what sum the Town will vote to appropriate for the replacing and equipping of the Coolidge Portable building and contents destroyed by the recent fire. or otherwise act thereon.

Article 27. To see if the Town will vote to install adequate

street lighting on North Main Street where the new bridge crosses Worcester Street, appropriate \$1,800.00 to pay for the same, or otherwise act thereon.

Article 28. To see if the Town will vote to authorize the Board of Public Works to construct a foot path over the bridge on Water Street Extension, South Natick, grade such walk from said bridge to Dover Street, appropriate money to pay for the same or otherwise act thereon.

Article 29. To see what sum of money the Town will vote to appropriate to improve the heating system in the Eliot School-house, South Natick, or otherwise act thereon.

Article 30. To see if the Town will vote to appropriate the sum of Two Hundred and Fifty (\$250.00) Dollars for the erection of a Backstop and Bleachers at the Hunnewell Playground, South Natick.

Article 31. To see if the Town will vote to abolish the Town Infirmary on or before June 1, 1935, to authorize the Board of Public Welfare to arrange for the maintenance and support of all worthy inmates now housed therein in proper institutions or private homes, appropriate money to pay the expenses of caring for all said inmates specified above, or otherwise act thereon.

Article 32. To see if the Town will reimburse the Collector of Taxes for \$10 bill taken in tax collection and which bill when offered for deposit was declared counterfeit by the Natick Trust Company and deducted from said Collector's account or otherwise act thereon.

Article 33. To see if the Town will vote to accept gift of Isabella P. Shaw, of a parcel of land situated on the Westerly side of Eliot Street, in that part of Natick known as South Natick, and bounded as follows:

Beginning at a stone bound at land now or formerly of Fred G. Bailey;

thence running South 77° 59' East Two Hundred Fifty-eight and 36/100 (258.36) feet to a stone bound at Eliot Street;

thence South 23° 29' West One Hundred Fifty-nine and 74/100 (159.74) feet to a stone bound at other land of Isabella P. Shaw;

thence turning and running North 68° 17' West One Hundred Sixty-eight and 36/100 (168.36) feet to a cement bound at land now or late of Estate of Goin Bailey;

thence North 5° 19' 30" East Twenty-one and 08/100 (21.08) feet;

North 72° 44' 30" West Twenty-one and 84/100 (21.84) feet to a stone bound;

thence North 7° 19' 30" West One Hundred-eight and 58/100 (108.58) feet to the point of beginning.

Said last three courses being by land now or formerly of said Estate of Goin Bailey.

Said locus contains 30,168 Square Feet.

Said locus to be used for Park purposes under the jurisdiction

of the Park Commissioners of said Natick, conveyance to be made to said Town in fee simple, or otherwise act thereon.

Article 34. To hear and act on the report of the Committee appointed under Article 12 of the Warrant for the Special Town Meeting held June 27, 1933, relative to the construction of a spillway or sluiceway in South Natick on the Charles River near the site of the present dam, or otherwise act thereon.

Article 35. To see if the Town, for the purpose of raising the level of the Charles River at South Natick to a level not above that at which it was before the recent break in the dam at that point occurred, and for the purpose of thereby covering certain flats and improving the appearance of the river and providing a pool for swimming, will authorize the Selectmen of such committee as may be appointed to cause a dam and appurtenant structures to be erected across the Charles River in South Natick at or near the site of the present dam, such structure to be substantially in accordance with the sketch prepared by Fay, Spofford & Thorndike, consulting engineers, in November, 1933 and entitled "South Natick, Mass., Proposed Dam Across the Charles River" (the cost as estimated by such engineers to be about \$35,000), or to be of such other design or construction and of such materials as the Selectment or such committee may determine. the Selectmen or such committee to have the power to expend for such purpose such sum as they may determine and to make such contracts and take all such other action as they may deem advisable to carry out such project, provided that no money shall be expended unless and until rights are secured from Auto Sickle Company assuring to the town the permanent right to build and maintain said dam, and loans and advances are secured or assured from the Federal Government to cover all or part of the cost of said construction; and to appropriate for the cost of the construction the sum of \$35,000; or otherwise act thereon.

Article 36. To authorize the Selectmen or such committee as may be appointed to accept a conveyance from Auto Sickle Company of such rights or titles as they may deem appropriate for the purpose of assuring to the town the permanent right to build and maintain a dam across the Charles River at South Natick and to pay for such conveyance the sum of One Dollar (\$1.00); and to appropriate the sum of One Dollar (\$1.00) for that purpose or otherwise act thereon.

Article 37. To authorize the Selectmen or such committee as may be appointed to secure from the Federal Government under Title II of the National Industrial Recovery Act or other law a grant of approximately thirty percentum or more of the cost of the labor and materials to be used in the construction of a dam across the Charles River at South Natick and a loan of the balance of the cost, such loan to be payable in such installments over a period of years, and with such interest as the Selectmen or said committee may approve and to make such applications and to execute such documents as the Selectmen or such committee may consider appropriate to obtain such grant and loan, or otherwise act thereon.

Article 38. To see if the Town will authorize the Selectmen

to lease, release or assign, for the purposes of an airport, the following described land, at a rental of \$1.00 per year for a period of five years, appropriate money for the same, or otherwise act thereon:

Parcel No. 1:

"A certain parcel of land situate northerly of Worcester Street, in said Natick, bounded and described as follows, to wit:- Beginning at the northwesterly corner of land this day conveyed to Ethel M. Bennett at land — now or formerly of one Sellow; thence N. 82° 10" W. 324.50 feet to an angle; thence N. 15° 33' 20" W. 195 feet to an angle; then S. 81° 29' W. 230.42 feet to an angle at other land of said Bennett, the three last courses bounded by said Sellow land; thence N. 7° 40' 40" W. by last mentioned land 950.50 feet to an angle; thence N. 18° 08' W. by last mentioned land 374.32 feet to an angle at other land of said Bennett; thence N. 71° 57' E. 656.70 feet to an angle; thence N. 68° 37' 50" E. 318.17 feet to an angle; thence N. 71° 44' E. 107.29 feet to an angle; thence N. 83° 23' 30" E. 53.52 feet to a stone bound at land of one McGee, the four last courses bounded by other land of said Bennett; thence S. 68° 50' 10" W. 149.47 feet to an angle; thence S. 6° 38' 20" E. 917.64 feet to an angle; thence N. 74° 46' 30" E. 154.99 feet to land now or formerly of one Wheeler, the three last courses bounded by registered land of said Bennett; thence S. 21° 14' 20" W. 333.79 feet to an angle; then S. 6° 29' 10" E. 650.72 feet to other land of said Bennett, the two last courses bounded by said Wheeler land; and thence N. 85° 04' 40" W. by last mentioned land 302.38 feet to the point of beginning; together with and subject to any and all rights of way of record.

The granted premises are further bounded and described as shown on "Plan of land in Natick, Mass., Property of Harold S. Bennett, Oct. 1932, Llewellyn T. Schofield, Civil Eng'r.", said plan to be recorded with Middlesex South District Deeds.

For record title reference may be had to the following deeds—Daniel H. Wight to said Harold S. Bennett, dated July 1, 1926, recorded with Middlesex South District Deeds, book 4988, page 578, Walter L. Felch to said Harold S. Bennett, dated February 2, 1924, recorded with said Deeds, book 4703, page 480; Amasa L. Thorpe to said Harold S. Bennett, dated April 9, 1924, recorded with said Deeds, book 4721, page 297; and James Wheeler to said Harold S. Bennett, dated October 28, 1926, recorded with said Deeds, book 5430, page 291."

Parcel No. 2:

"Northerly by land now or formerly of John M. Adams, one hundred forty-nine and 47/100 feet;

Easterly by land now or formerly of Edwin Batcheller, nine hundred twenty-three and 17/100 feet;

Southerly by land now or formerly of James Wheeler and land now or formerly of Willard W. Wight, two hundred sixty and 50/100 feet; and

Westerly by land now or formerly of Daniel H. Wight, nine hundred seventeen and 64/100 feet.

Said parcel is shown as lot B on plan hereinafter mentioned.

All of said boundaries are determined by the Court to be located as shown on a plan, as approved by the Court, filed in the Land Registration Office, a copy of a portion of which is filed in the Registry of Deeds for the South Registry District of Middlesex County in Registration Book 23, Page 305, with Certificate 3591.

So much of the above described parcel as is included within the limits of the "Way" approximately shown on said plan is subject to a right of way thereon in favor of said Batcheller land, and there is appurtenant to said parcel a right of way in continuance thereof over said Batcheller land as far as land now or formerly of Lyman C. Brown; there is also appurtenant to said parcel a right to pass and repass for all purposes to and from Worcester Street over lands now or formerly of Willard W. Wight, of Daniel H. Wight, of Walter L. Felch and of Elizabeth M. Sellew."

Article 39. To hear and act on the report of the Committee appointed under Article 30 of the Warrant for the Annual Town Meeting for the year 1933, relative to the taking by right of Eminent Domain, a parcel of land situated on the southwesterly side of West Street Extension, so called, or otherwise act thereon.

Article 40. To hear and act on the report of the Committee appointed under Article 34 of the Warrant for the Annual Town Meeting for the year 1933, relative to new rates with the Edison Illuminating Company, or otherwise act thereon.

Article 41. To hear and act on the report of the Committee appointed under Article 13 of the Warrant for the Special Town Meeting held June 27, 1933, relative to reduction in the rates for gas, electric and telephone service in Natick, or otherwise act thereon.

Article 42. To see if the Town will vote to amend Section 1 of ARTICLE VI of the By-Laws of the Town of Natick by striking out the last sentence of said section and inserting in place thereof the following sentence:—"With the exception of the Secretary the members of said committee shall serve without salary" so that said section, as amended, shall read as follows:—

Section 1. There shall be a Finance Committee consisting of fifteen citizens of the Town, other than Town Officers appointed or elected. The Moderator of the annual Town Meeting of 1929 shall, not later than May first, appoint five members of said Committee for a term of three years, five members for a term of two years, and five members for a term of one year, the terms of said members to expire on the first day of May in the years 1932, 1931, and 1930 respectively. Annually thereafter the Moderator of the annual Town Meeting shall on or before the first day of May appoint five members of said Committee to serve for the term of three years from said first day of May. Any member of said Committee who shall be appointed or elected to any town office shall forthwith upon his qualification in such office, and any member who shall remove from the town shall upon such removal, cease to be a member of said Committee.

Said Committee shall choose its own officers. With the exception of the Secretary the members of said Committee shall serve without salary, or otherwise act thereon.

Article 43. To see if the Town will vote to adopt the following amendment to the Building Code, as recommended by the Planning Board, to remedy defects and conflicts with new state legislation, or otherwise act thereon:

Section 0.1—7th line. Strike out the word “of”. Insert in its place the words “owned or occupied by”.

Section 0.1—8th line. Strike out the word “of”.

Division 1.1.1—2nd line. After the words “building operation” insert the words: “removal of earth or quarried stone or other operation requiring a permit from the Inspector.”

Division 1.2.6—first paragraph. Strike out the last sentence beginning with the words: “The Selectmen may”.

Division 1.2.6—second paragraph, 7th and 8th lines. Strike out the words “petition of appeal with the Town Clerk.” Insert in its place the words, “notice of appeal with the Inspector of Buildings on a form provided by him”.

Division 1.2.6—second paragraph, 12th line. Strike out the words, “in like manner”.

Division 1.2.6—third paragraph, 4th line. Strike out the words, “a copy”. Insert in their place the word “notice”.

Division 1.2.6—fifth paragraph. Strike out all of the paragraph beginning with the words, “In case any member,”.

Division 1.2.6 — sixth paragraph, 3rd and 4th lines. Strike out the words, “as required by the General Laws, Chapter 40, Section 27A”.

Division 1.2.6—sixth paragraph, 10th line. Strike out the words, “practical difficulty or”.

Division 1.2.6—sixth paragraph, 19th, 20th and 21 lines. Strike out the words, “required by said Section 27A to be filed in the office of the Town Clerk.”

Section 2.1—Insert the following additional definitions in alphabetical order with those now comprised therein: Building: A structure or edifice enclosing a space generally large enough to be entered and usually covered with a roof, (See also Section 0.2, second paragraph). Adjoining structures if cut off from each other by unpierced fire walls, are considered as separate buildings. Quarry: A place where stone is taken from the rock or ledge.

Division 4.4.1—Strike out the whole sentence beginning, “Such open space shall be at least 50 per cent”.

Division 4.4.7—Strike out the words, “enlarged or altered so as to occupy or reduce the open area”. Substitute the words, “or enlarged, or any boundary altered, so as to reduce the open area”.

Division 9.7.4—second paragraph, 3rd line. Strike out the words, “less than 16”. Substitute the words, more than 16”.

Division 16.3.3—Insert the following additional sentence, “In every case a separate shut-off cock shall be provided at a conveniently accessible point in a pipe supplying gas to a

heating device or to a flexible gas connection to any device."

Division 17.1.3—M. Manufacturing District in paragraph numbered 2, second line. Insert after the word "junk" the following words: "for the quarrying of stone, or the removal of earth from any premises except as an incident to a building operation or an improvement thereon."

Division 17.1.7—first paragraph, 16th line. Strike out the number "27A". Substitute the number "30".

Division 17.1.7—second paragraph. Strike out all of the second paragraph preceding the word "order" in the 14th line, including the foot note reference. Substitute the words, "subject to the provisions of said Section 30, the Board may".

Article 44. To see if the Town will appropriate a sum sufficient to pay the County of Middlesex as required by law on account of assessments levied on the Town for its share of the principal of the Middlesex County Tuberculosis Hospital Funding Loan, Act of 1922 bonds maturing in 1934, issued in compliance with Chapter 10, Acts of 1932, also for any other indebtedness incurred and outstanding under said Chapter 10, also for the town's share of the cost and interest on said bonds due in 1934, also for the town's share of the expense incurred under the provisions of Chapter 331 of the Acts of 1933 which provided for the settlement of certain claims of the Commonwealth against the Middlesex County Tuberculosis Hospital District, also for the care, maintenance, and repair of said hospital for 1933, and including interest on temporary notes issued therefor in accordance with sections of Chapter 111 of the General Laws applicable thereto, and for all other expenses in connection therewith, determine how the money shall be raised, or in any way act thereon.

Article 45. To see what sum of money, if any, the town will appropriate to settle claim for damages pending against the town in which claimants are willing to accept the sums recommended by the Selectmen, or otherwise act thereon.

Article 46. To see what sum of money, if any, the Town will appropriate to pay unpaid bills of the various departments, or otherwise act thereon.

Article 47. To see what action the Town will take in refunding a part of License fees to Licensees under Chapter 120, Acts of 1933, who were later granted Licenses under Chapter 376, Acts of 1933, or otherwise act thereon.

And you are directed to serve this Warrant by posting attested copies thereof in each of the postoffices in said Natick and at the following public places in said Town, to wit: Entrance to Selectmen's room and Street Entrance to Concert Hall in Natick; Engine House, South Natick; Hose 4 House, Felchville; Standard Oil Station, Sunnyside; Harney's store, North Natick; Hose House, Everett Street; James Moran's store, East Natick; Hanna's store, West Natick; Ulrich's store, South Natick; and Central Fire Station, Natick; seven days at least, before said March 5, 1934; also by causing an attested copy of said Warrant to be published once in the newspaper called "The Natick Bulletin," said publication to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this seventh day of February A. D. 1934.

WILLIAM F. BUFFINGTON,
RALPH H. HOWARD,
WILLIAM H. HEALEY,
Selectmen of Natick.

A true copy.

Town Clerk of Natick.

PROCEEDINGS OF ANNUAL TOWN MEETING, 1934
SECOND SESSION, MARCH 13, 1934

Meeting called to order by the Moderator at 7:45 P. M.

Motion by James C. Fair, to waive the reading of the remainder of the Articles in the Warrant, carried.

Invocation was delivered by Rev. Alvin C. Bacon.

The following Resolution was presented by Mr. Francis J. Murphy and was unanimously adopted:

Whereas—

The sudden and untimely death of our esteemed fellow citizen, Cedric H. Massie has deprived the Town of one of its most useful citizens, and whereas;

His untiring work as secretary of the "Finance Board" won for him the respect of all who knew him and his warm heart and enduring qualities won the admiration of all our citizens. Be it resolved—

That we the citizens of Natick in Town meeting assembled, desire to spread upon our records our keen loss in Mr. Massie's untimely end, and our feeling that his loss to the town is most unfortunate.

And be it further resolved—

That this expression of appreciation be sent to the family of Mr. Massie and that it also be spread upon the records of the Town.

Motion by Mr. Arthur L. Hathorne, as an amendment to motion of Mr. McCarthy, that the item of \$1,700.00 be divided as follows: \$700 for salary and expenses of an Agent, and \$1,000 be for salary and expenses of an Investigator, and that said Agent and said Investigator may be members of the Board of Public Welfare.

The amendment of Mr. Hathorne was now put, hand vote with tellers, yeas 196, nays 305, and motion declared lost.

The original motion of Mr. McCarthy was then put, and it was

Voted, that the Town appropriate the sum of \$54,120.00 for the Department of Public Welfare, itemized as follows:

Administration	
Salaries of the Board	\$ 700.00
Salary and Expenses of the Agent and Investigator	1,700.00
Full time Clerk	780.00
Part time clerk	240.00
Office Expenses	700.00
Infirmary and Outside Relief	50,000.00

Article 1. Aiding Mothers with Dependent Children.

Voted, that the Town appropriate the sum of \$20,000.00 for the aid of mothers and dependent children.

Article 1. Old Age Assistance.

Voted, that the Town appropriate the sum of \$24,000.00 for Old Age Assistance.

Article 2. Motion made at this time by Mr. B. I. McManus, that when this meeting adjourn it will be until Friday evening, March 16, declared lost.

Voted, that the reports of the various Town Officers and all committees as printed in the Town Report for 1933 be accepted, and that the Selectmen be appointed Fence Viewers and the Constables be chosen Field Drivers.

Article 3. Voted, unanimously, that the Town Treasurer be and hereby is, authorized with the approval of the Selectmen, to borrow from time to time on and after January 1st, 1935, in anticipation of the revenue of the financial year beginning January 1st, 1935, and to issue a note or notes therefor, payable within one year, and that any debt or debts incurred under this note be paid from the revenue of the financial year beginning January 1, 1935.

Article 4. Voted, unanimously, that the Town authorize the Treasurer, with the approval of the Selectmen, to extend as much as is necessary of the revenue loans of 1933 not to exceed \$200,000, for a period not to exceed six months, under authority of and in accordance with the provisions of Chapter 3 of the Acts of 1933.

Article 5. Voted, unanimously, that the Treasurer, with the approval of the Selectmen, be and hereby is authorized to

borrow for general maintenance expenses of the Town, the sum of \$50,000.00, but in no event a sum in excess of the amount of tax titles taken or held by the Town, and to issue a note or notes of the Town therefor, all in accordance with the provisions of Chapter 49 of the Acts of 1933. The said sum of \$50,000.00 is hereby appropriated for the payment of revenue loans of 1933 outstanding.

Voted, on motion of James C. Fair, to adjourn until Wednesday, March 14, at 7:30 P. M.

A Record of the Proceedings of the Second Session.

Town Clerk of Natick.

A true Copy. Attest:

JAMES H. FLEMING,
Town Clerk of Natick.

Special Town Meeting, March 26, 1934

WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greeting:

In the name of the Commonwealth of Massachusetts you

are hereby required to notify the qualified voters of said Town of Natick to meet in Concert Hall, Clark's Block, Natick, on

MONDAY EVENING, MARCH 26, 1934

at 7:30 o'clock, then and there to act on the following articles:

Article 1. To see if the Town will vote to accept as gift any funds contributed by Town employees and others, same to be credited to the Public Welfare Department, or otherwise act thereon.

Article 2. To see if the Town will vote:

1. Under the authority of Chap. 80, Acts of 1934, to build and thereafter maintain a dam and appurtenant structures across the Charles River at South Natick, at or near the site of the former dam.

2. To acquire by right of eminent domain under G. L. Chap. 79, or by purchase or otherwise, such property rights as may assure it the right to build and permanently to maintain said new dam, as provided in said Chap. 80.

3. To appoint a committee to have charge of said construction, which, unless otherwise determined by said committee, shall be substantially in accordance with the sketch prepared by Fay, Spofford and Thorndike, Consulting Engineers, in November, 1933, and entitled "South Natick, Mass., Proposed Dam Across the Charles River."

4. To appropriate money by borrowing or otherwise for the purposes of this article, or otherwise act thereon.

Article 3. To see if the Town will reimburse the Collector of Taxes for sums advanced in connection with tax titles for years 1929, 1930, 1931 and 1932 or otherwise act thereon.

Article 4. To hear and act on the report of the Committee appointed under Article 23 of the Warrant for the Annual Town Meeting for the year 1934, relative to procuring Federal Funds for constructing addition to the Senior High School, or otherwise act thereon.

And you are directed to serve this Warrant by posting attested copies thereof in each of the postoffices in said Natick and at the following public places in said Town, to wit: Entrance to Selectmen's room and Street Entrance to Concert Hall in Natick; Engine House, South Natick; Hose 4 House, Felchville; Standard Oil Station, Sunnyside; Harney's store, North Natick; Hose House, Everett Street, James Moran's store, East Natick; Hanna's store, West Natick; Ulrich's store, South Natick; and Central Fire Station, Natick; seven days at least, before said March 26, 1934; also by causing an attested copy of said Warrant to be published once in the newspaper called "The Natick Bulletin," said publication to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this fourteenth day of March A. D.
1934.

WILLIAM F. BUFFINGTON,
WILLIAM H. HEALEY,
JAMES C. POWERS,
Selectmen of Natick.

A true copy. Attest:

DAVID J. CHURCH,
Constable.

OFFICER'S RETURN

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

Natick, March 23, 1934.

By virtue of this Warrant I have notified the qualified Voters of the said Town of Natick to meet at the times, places and for the purposes within specified by posting attested copies of said Warrant at the several locations and places therein designated for that purpose, Saturday, March 17, 1934; also by causing an attested copy of said Warrant to be published in the newspaper called "The Natick Bulletin," in the issue dated March 16, 1934, all as within directed.

DAVID J. CHURCH,
Constable of Natick.

A true copy. Attest:

JAMES H. FLEMING,
Town Clerk.

PROCEEDINGS OF SPECIAL TOWN MEETING, MARCH 26, 1934

Meeting called to order by the Moderator at 7:30 P. M.

Voted, on motion of James C. Fair, to waive the reading of the remainder of the Articles in the Warrant.

At this time, unanimous consent having been granted by the Meeting, the following Resolution was presented by Mr. Robert M. Clark, and was unanimously adopted:

Resolved:

That it be the sense of this meeting that all officials and employees of the Town shall make a voluntary contribution of seven and one half (7½) per cent of salaries and wages received from the Town, such contributions to be used as the Town Meeting shall direct.

Article 1. Voted, unanimously, on motion of Mr. McCarthy, Secretary of the Finance Committee, that the Town Treasur-

er be authorized to accept contributions from Town employees and others, same to be credited to the Public Welfare Department.

At this time, unanimous consent having been granted by the Meeting, the following Resolution was presented by Mr. Robert M. Clark, and was unanimously adopted:

Resolved:

That it be the sense of this meeting that the Park Commissioners be authorized and instructed to convey to Mrs. Isabella P. Shaw and her family, the sincere thanks of the citizens of Natick for the beautiful park, recently intrusted to our keeping. Along with this vote of thanks, we pledge ourselves to maintain this park in its present form and beauty so long as it lies within our power so to do.

Motion, at this time, by James C. Fair, that Articles 4 and 3 be now taken up in that order, declared lost.

Article 2. Motion by Mr. McCarthy for indefinite postponement, declared lost.

Voted, unanimously, on substitute motion of Mr. Edward R. Noyes, that under the authority of Chapter 80 of the Acts of 1934, the Town build and thereafter maintain a dam and appurtenant structures across the Charles River at South Natick at or near the site of the former dam; and that the Town acquire, by right of eminent domain, provided claimants for damages shall agree to release the same for nominal sums, or by purchase or otherwise, such property rights as may assure it the right to build and permanently maintain said new dam; and that a Committee of five be appointed by the Moderator to have full charge of said construction, which construction unless otherwise determined by said Committee, shall be substantially in accordance with the sketch prepared in November, 1933, and entitled "South Natick, Mass. Proposed Dam Across the Charles River"; and that the Town Treasurer is hereby authorized to borrow with the approval of the Selectmen, in accordance with said Chapter 80, not exceeding \$35,000 for said purposes. Said Committee is authorized to make contracts, purchase material and employ labor for the work, residents of Natick to be preferred so far as possible in the work; and the Committee is further authorized to apply for and accept any grant and/or loan for the work from the County and/or the Commonwealth and/or the Federal Government.

Committee: Daniel Sargent, Chairman; John M. McCarthy, Edward R. Noyes, Carl S. Stillman and Dr. Charles E. Hills.

Article 3. Voted, that the sum of \$1592 be appropriated for the purposes of this article in accordance with Chapter 60, Section 15 of the General Laws.

Article 4. Voted, that the report of the committee be accepted as a report of progress and the committee be instructed to report at a future Town Meeting.

Voted, that the meeting be dissolved.

A Record of the First and Final Session.

JAMES H. FLEMING,
Town Clerk of Natick.

A true copy. Attest:

JAMES H. FLEMING,
Town Clerk of Natick.

The following action was taken by the Attorney General relative to Article 42 of the Warrant for the Annual March Meeting for the year 1934, in connection with by-laws of the Town of Natick:

Boston, Mass., April 4, 1934.

The foregoing amendment to by-laws is hereby approved.

JOSEPH E. WARNER,
Attorney General.

A true copy. Attest:

JAMES H. FLEMING,

Special Town Meeting, September 7, 1934

WARRANT

COMMONWEALTH OF MASSACHUSETTS

Middlesex, ss.

To any Constable of the Town of Natick in said County:

Greeting:

In the name of the Commonwealth of Massachusetts you are hereby required to notify the qualified voters of said Town of Natick to meet in Concert Hall, Clark's Block, Natick, on

FRIDAY EVENING, SEPTEMBER 7, 1934

at 7:30 o'clock, then and there to act on the following articles:

Article 1. To see what sum of money, if any, the Town will appropriate for re-surfacing and repair of the Pleasant Street Bridge in South Natick and for the construction with stone and

iron of a guard wall and rail for protection of the public on the westerly side of said Bridge, and for the building of a walk on said westerly side of said Bridge, such sum or part thereof to be used in conjunction with money contributed by the County, or otherwise act thereon.

Article 2. To see what sum of money the Town will vote to appropriate for material, equipment and supplies, for Civil Works Administration projects, under the supervision of the Board of Selectmen, or otherwise act thereon.

Article 3. To see what sum of money the Town will vote to appropriate for Clerk hire, Office Expenses and Working quarters for Emergency Relief Administration and National Re-employment Service, under the supervision of the Board of Selectmen, or otherwise act thereon.

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices in said Natick and at the following public places in said Town, to wit: Entrance to Selectmen's room and Street Entrance to Concert Hall in Natick; Engine House, South Natick; Hose 4 House, Felchville; Standard Oil Station, Sunnyside; Harney's Store, North Natick; Hose House, Everett Street; James Moran's store, East Natick; Hanna's store, West Natick; Ulrich's store, South Natick; and Central Fire Station, Natick; seven days at least, before said September 7, 1934; also by causing an attested copy of said Warrant to be published once in the newspaper called "The Natick Bulletin", said publication to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon to the Town Clerk at or before the time appointed for holding said meeting.

Given under our hands this twenty-second day of August A. D. 1934.

WILLIAM H. HEALEY

Town Clerk

PROCEEDINGS OF SPECIAL TOWN MEETING, SEPT. 7, 1934

Meeting called to order by the Moderator at 7:30 P. M. Reading of Articles in Warrant, on motion of James C. Fair, waived.

Article 1. Voted, unanimously, that the sum of \$3000 be appropriated for the purposes of this Article, provided that the County agrees to reimburse the Town not less than \$1000 as its share of the expense, the work to be done under the supervision of the Special Committee in charge of the construction of the Charles River Dam at South Natick.

Article 2. Voted, unanimously, that the sum of \$3000 be appropriated for material, equipment and supplies for Civil Works Administration projects, the appropriation to be under the supervision of the Board of Selectmen.

Article 3. Voted, that the sum of \$1500 be appropriated for the purposes of this Article, to be divided as follows: Office Expense \$380, Rent \$160, Clerk and Investigator \$960, this appropriation to be under the supervision of the Board of Selectmen.

Voted, on motion of James C. Fair, that the meeting be dissolved (7:50 P. M.).

A Record of the First and Final Session.

JAMES H. FLEMING,
Town Clerk of Natick.

QUESTION NO. 1

Law Submitted Upon Referendum Petition

(Shall a law described as follows:—

This law amends General Laws, chapter 131, as previously amended, by repealing section 105A thereof and adding thereto three new sections, 105B, 105C, and 114A.

[Section 105B provides that whoever uses any trap or other device for capture of fur bearing animals, which is not designed to kill such animal at once or to take it unhurt and which is likely to cause continued suffering to an animal caught therein, shall be fined fifty dollars, but traps or other devices for protection of property, set not more than fifty yards from any building, cultivated plot, or enclosures used for rearing poultry or game birds, to the use of which the presence of vermin may be detrimental, are excluded from the application of this section.

[Section 105C provides for the submission to the voters at a municipal election in any city or town upon petition, of the question of whether the operation of section 105B shall be suspended or if it has been already suspended, of the question whether it shall again be operative in such city or town.

Section 114A provides that the Commissioner of Conservation may suspend the operation of section 105B for a period not exceeding thirty days within any specified territory under the control of his department.

The law also provides for the submission, by the Selectmen to the voters at a special town meeting in the current year, upon petition, of the question as to whether the provisions of section 105B shall be suspended in any town; and which was approved by both branches of the General Court by vote not recorded, be approved?

To obtain a full expression of opinion, voters should vote on both of the following questions:

(a) If a voter desires to permit the sale of any and all alcoholic beverages in this town he will vote "YES" on both questions.

(b) If he desires to permit the sale of wines and malt beverages only herein, he will vote "NO" on question 1 and "YES" on question 2.

(c) If he desires to prohibit the sale of any and all alcoholic beverages herein, he will vote "NO" on both questions.

1. Shall licenses be granted in this town for the sale therein of all alcoholic beverages (whiskey, rum, gin, malt beverages, wines and all other alcoholic beverages)?

2. Shall licenses be granted in this town for the sale therein of wines and malt beverages (wines and beer, ale and all other malt beverages)?

1. Shall the pari-mutuel system of betting on licensed horse races be permitted in this county?

2. Shall the pari-mutuel system of betting on licensed dog races be permitted in this county?

And you are directed to serve this Warrant by posting attested copies thereof in each of the post offices in said Natick and at the following public places in said Town, to wit: Entrance to Selectmen's room and Street Entrance to Concert Hall in Natick; Engine House, South Natick; Hose 4 House, Felchville; Standard Oil Station, Sunnyside; Harney's Store, North Natick; Hose House, Everett Street; James Moran's store, East Natick; Hanna's store, West Natick; Ulrich's store, South Natick; and Central Fire Station, Natick; seven days at least, before said November 6, 1934; also by causing an attested copy of said Warrant to be published once in the newspaper called "The Natick Bulletin", said publication to be seven days at least before the day appointed for said meeting.

Hereof fail not and make due return of this Warrant, with your doings thereon at the time and place of said meeting. pointed for holding said meeting.

Given under our hands this twenty-fourth day of October A. D. 1934.

WILLIAM H. HEALEY
JAMES C. POWERS
WILLIAM F. BUFFINGTON
Selectmen of Natick
